● Captain Florent is a Frenchman, that explains his love for all that is beautiful and flamboyant. And he exploits the easygoing nature of his job by always wearing red coloured clothes. Even though he's a pirate, he's actually full of human compassion. In addition, he can never do anything bad or evil and as such he can't live very luxuriously. That explains why his ship is so derelict. To be able to design Captain Florent in such detail, you can tell that I really like him.

## STORY

In the middle of the 16th century, the central island of the Mediterranean Sea, Malta was viewed as a central location by the St John's Knights' Organisation. Even those who were initally against her joining the organisation were captured and subdued by her knightly spirit and ended up warmly welcoming her. Aciel was then ordered by the Knights' Leader to become the 9th Branch Leader whereupon the 8 other branches all contributed an out standing member who would join Aciel and form the new 9th Branch. The gathering of the different knights of different backgrounds and places of birth to form a new branch was thus solved. Daniel and the Italian Branch were currently staking out Gozo Island when they met with the pirates of Dragut Reis. Upon hearing this news of the pirate attack, Aciel and the rest of them left immediately to provide support. On the other side, the strong and mighty Daniel was leading a one man assault, which he knew was not going to succeed. Even so, he valiantly fought against innumerable pirates, but the fatigued Daniel was ultimately unable to defeat Dragut Reis and fell by his sword. What will be his ultimate fate...?

## Angel and Demon 6

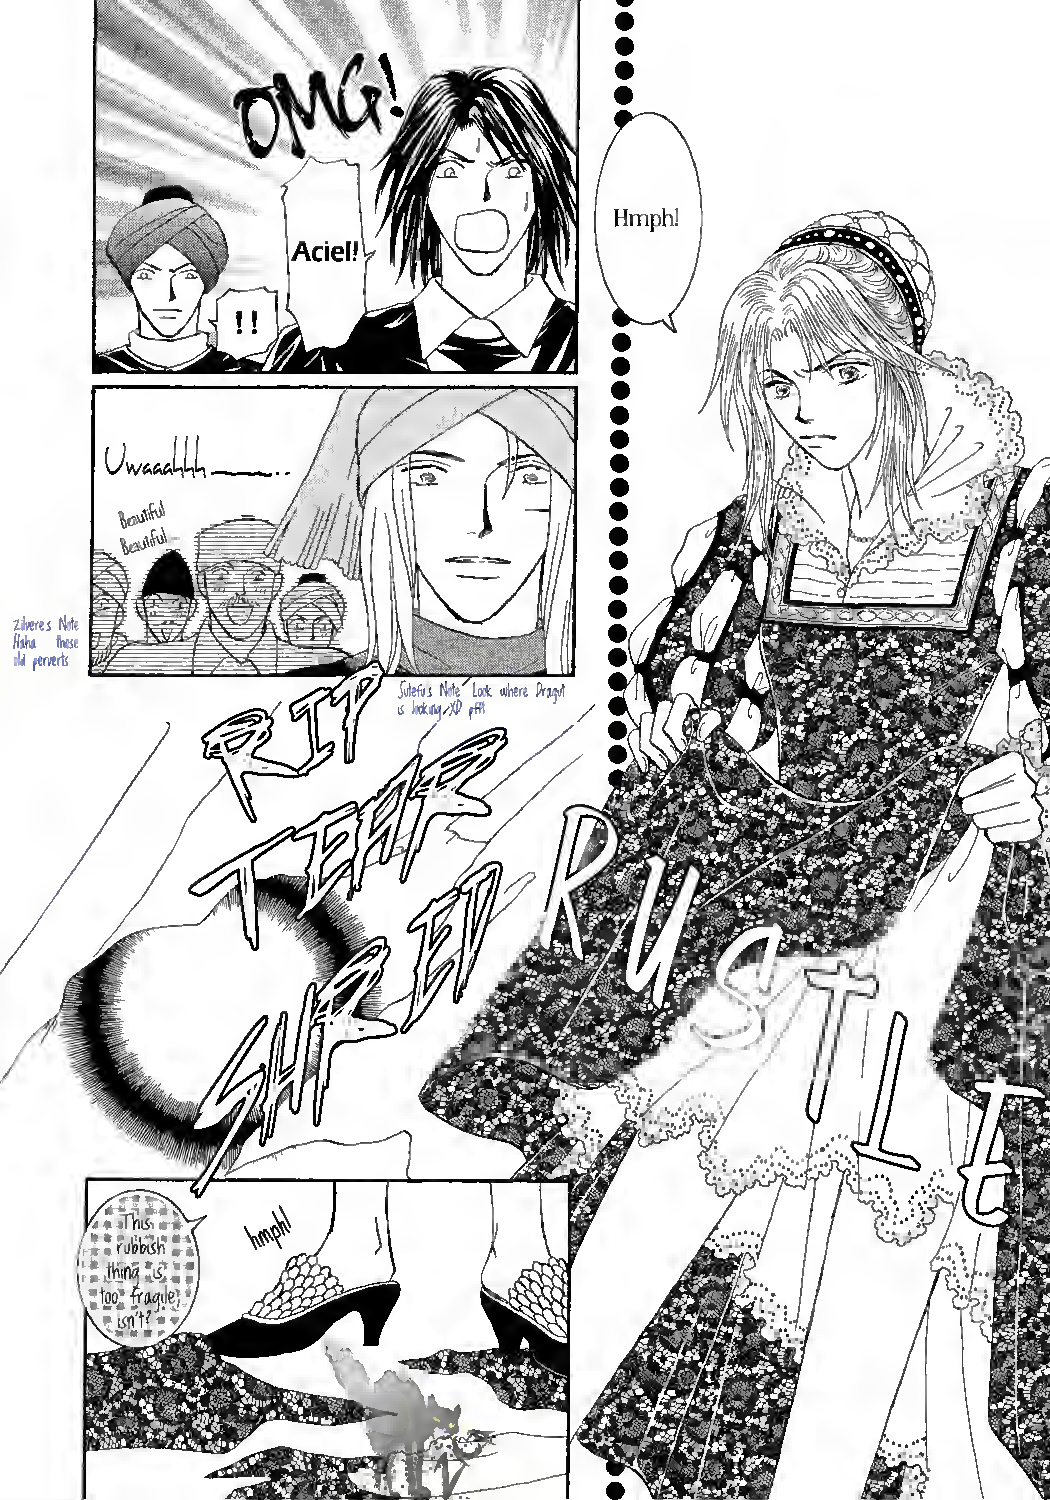
Team Zica Credits: ***Pixix*** translated. She's a very busy girl, but she makes some space for us and UNK: We love you! <3

SPLASH!
MUMBLE
MUMBLE
I've never seen such an elegant beauty before!
How beautiful
Hey don't push me!
MUMBLE

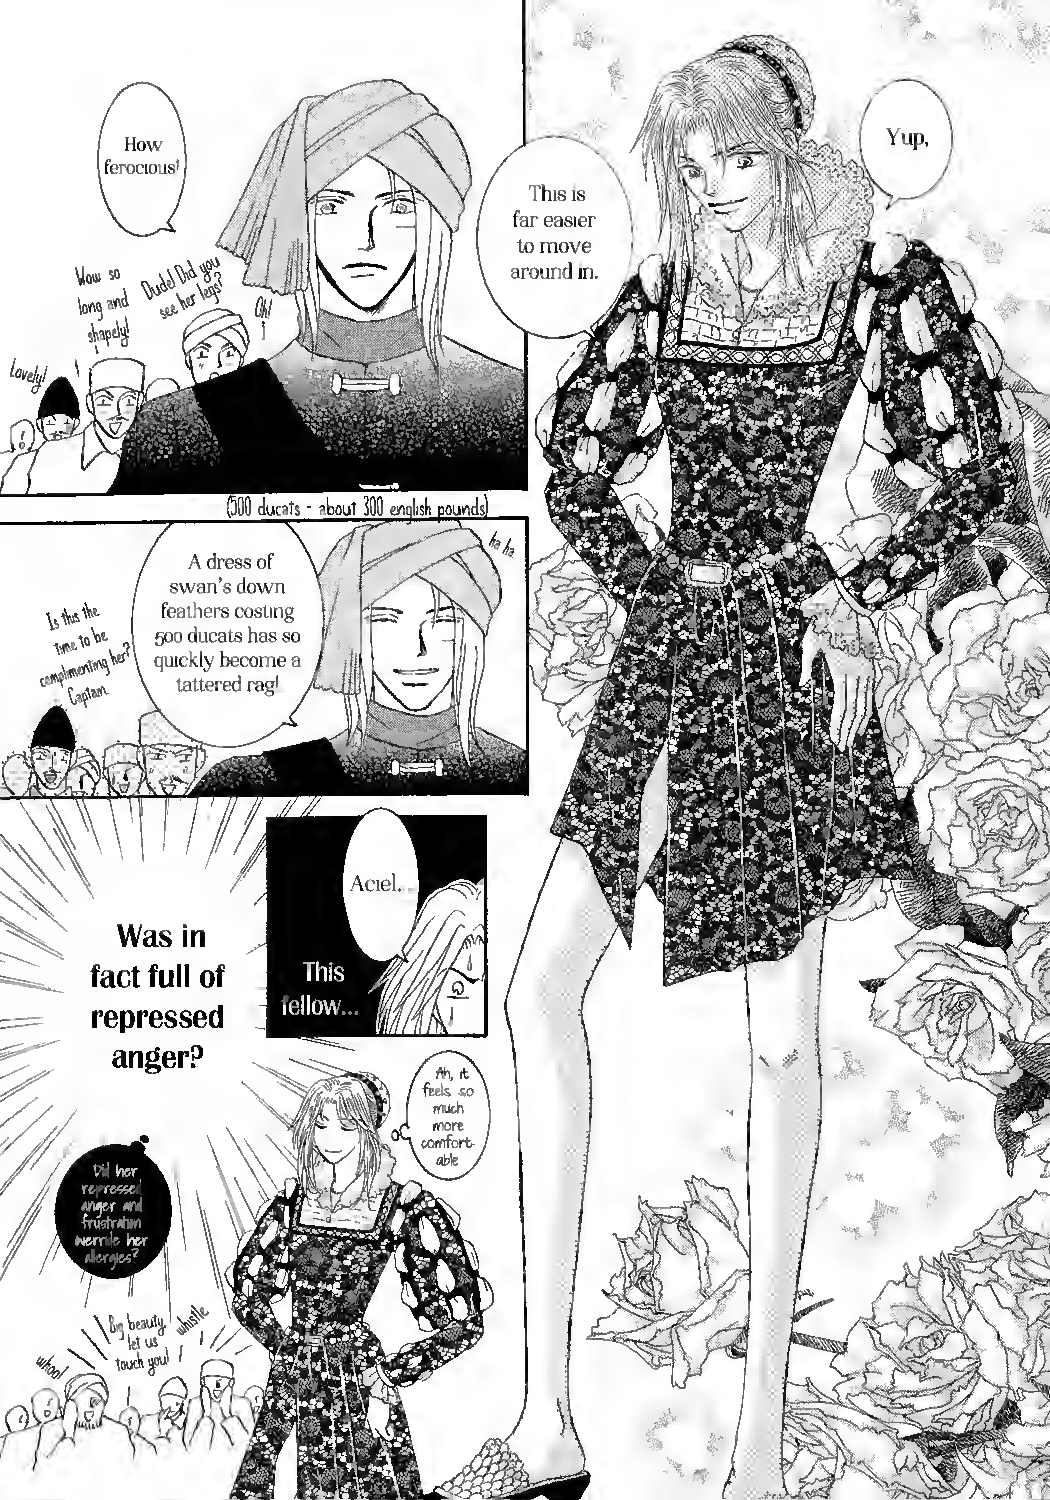
Even without makeup she is stunning!
Can you afford her?
If we're bringing her to sell at the slave market, I'll definitely buy her!
Is she also a spoil of war?
When did that great beauty come onto our ship?
Idiot!
She must be Captain's lover!
!!
That's not what I meant!
It really suits her
What do you mean by strange?
What a shocking transfor mation
Is she really that golden haired knight?
Even though she was already so lovely to begin with
How strange ...
That fellow is allergic to dresses,
the mere thought of wearing such finery is enough to give her bumps and measle spots
Sinbad's Note: I can't believe Hercules is missing out on this!

Lucas!
Why .. Is she not having such a reaction?
She's beautiful this way isn't that great?
I have a tingling feeling in my guts
What is the condition of Lord Daniel and Ca ghan?
TURN
Don't worry, their conditions are stable at the moment!
Aciel, rather, why are you dressed like that...?
Wah...!
WOBBLE
Aciel!
TUG!!
Poor Nola Aaaw! She's SO CLUMSY and really though, why no spots or allergies??

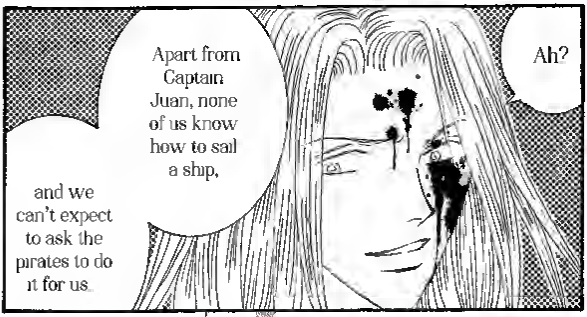
Ah...
I tore the skirt
This skirt is too long!
damn!
What a faux pas!
That beauty
If she only stood without talking she was clearly a goddess
If you're going to wear a skirt you should be walking more demurely
Aciel



OMG!
Aciel!
!!
Hmph!
Uwaaahhh——...
Beautiful
Beautiful
Ziheres Note
Haha these old perverts
Siteris Note
Look where Dragut is looking XD grr
RIP
TEAR
SHRED
RUSTLE
This rubbish thing is too fragile, isn't?
hmph!



How ferocious!
Wow so long and shapely!
Dude! Did you see her legs?
Oh!
Lovely!
This is far easier to move around in.
Yup,
(500 ducats - about 300 english pounds)
A dress of swan's down feathers costing 500 ducats has so quickly become a tattered rag!
Ha ha
Is this the time to be complimenting her? Captain
Was in fact full of repressed anger?
Aciel.
This fellow...
Ah, it feels so much more comfortable
Did her repressed anger and frustration warmle her allergies?
Big beauty, let us touch you!
whistle
whoa!

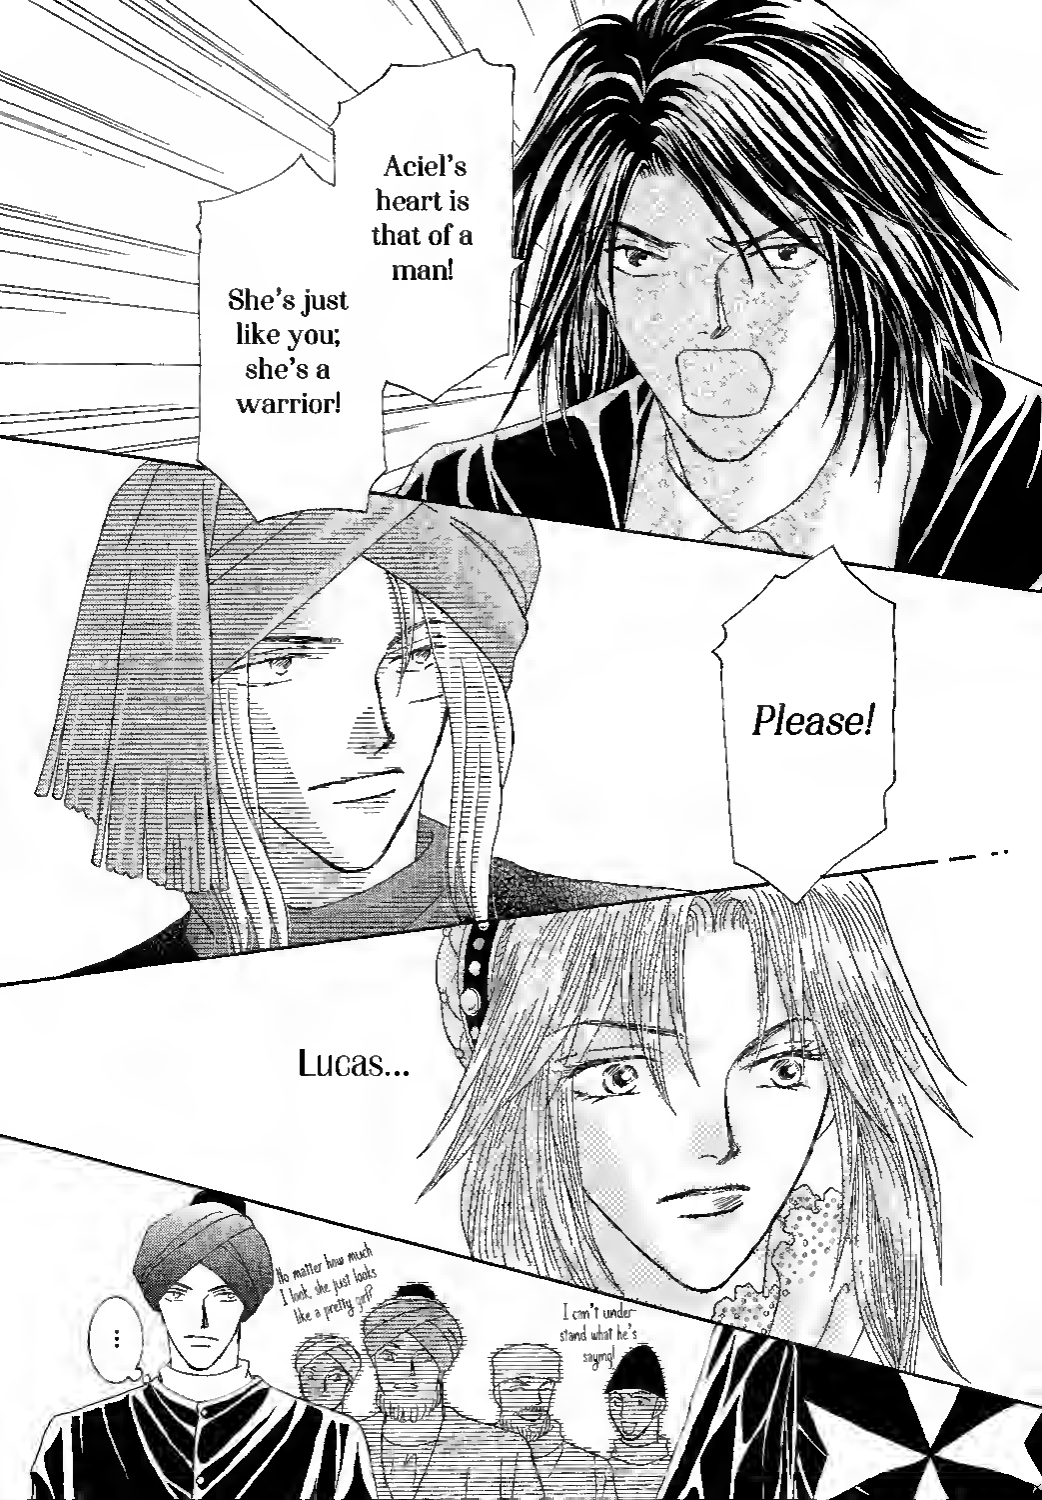


To capture... this ship, is it?

HEE EE E...
ARGG GH!
NNNGAAA
...NCE, I GOTTA GET MYSELF ...!!
I know you're not happy about it...
But now, we should just quietly...
SHOCK
FORCE
FULLY
SURPRISE
Hercu-les?!
FREE!!!

Actually, were you ever a thief?
When I was younger, in order to stop me from killing others,
my dad would tie me up every night.
But, what rope can keep me tied up?
Hercules, do you have the skills of an escape artist?
It's exactly like a thief!
Am I talkin' nutsy?
DOES THIS CLEVERNESS DESERVE AN APPRAISING?
KER-CHUK
Hey!
Dressed like that?
The both of you, continue to pretend that you've been tied up, I'll go and scout.
Such a question, and you people from England don't want to be called stupid?
If I were to do that, the enemy would be more alert right?
In that case,
Why didn't you escape in front of the pirates just now?
Cardus Note: Here Hercules is showing his English pride
Prisoners food's here
Doh!
PUNCH!

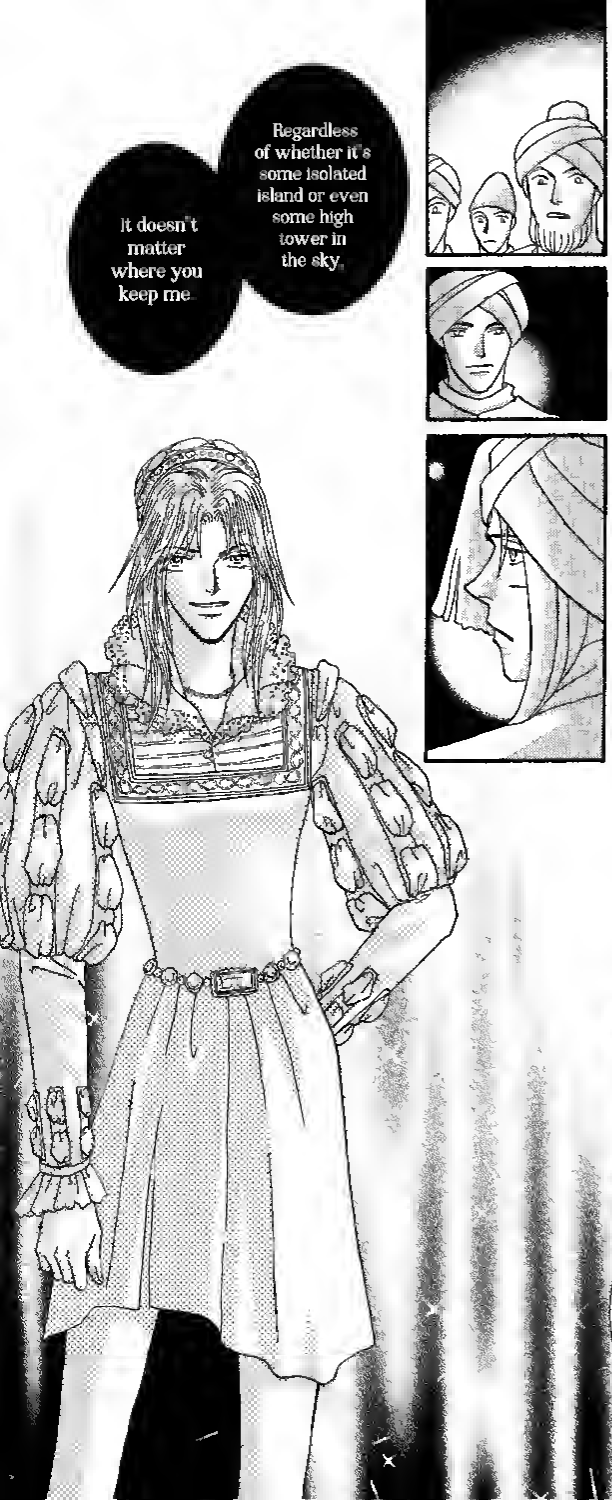
Where is the medical centre?
In this case
If the substitute wakes up, then just supplement his sleep with another punch or two!
Ohh leave it to me!
I'll just go and check on my brother's condition.
Then shall I find Aciel?
Thanks for the hard work!
Oh?
I've got my clothes ♡
This fellow definitely suits being a pirate!
Amazing
Return the Knight's regalia and uniform to Aciel,
Dragut!

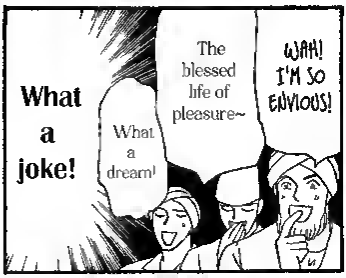


Aciel's heart is that of a man!
She's just like you; she's a warrior!
Please!
Lucas...
No matter how much I look, she just looks like a pretty girl!
I can't understand what he's saying!

With regards to that uniform...
I have already slashed it to pieces,
so it can't be worn anymore.
!!
AH, WE REALLY ENVY YOU TO BITS! DAMN!
SO IT IS CAPTAIN'S GIRL! WE WERE RIGHT!
woohoo
whistle
Don't worry, Lucas,
It was a standard body check
He only saw my chest.
Zilvere's Note
haha that response! O OMG
I even asked him, "don't you want to look lower?"
BAM!
ohohoho!
He said he wouldn't be able to control himself or behave logi cally, so he rejected.

WHAT IS THIS EARTH-SHAKING REVELATION!
So nobody did anything to me, don't worry.
...
You've got to quickly enjoy it!
Captain!
This fellow is enduring this pretty well
Princess, you possess the deep charm of a seductress!
Even though you're lacking in gentleness...
If it weren't for Solluku's request,
I would've already made her my woman
That sounds rather pleasant.
We might as well escape halfway through the journey to Turkey.
I'll just let you become mine.
And keep you away on some lovely little island that only I know of.





Team Zica Credits: ***Yun*** proofreaded and post typesetted, while having to study and stuff.
Learn from her people! Thank you for the hard work! Please keep on with it (:

Just to kill you,
Dragut Reis!
No matter how secure the prison or cage you keep me in will be...
Even if it breaks my fingers, I will still get through the stone wall,
And from one end of the earth, I will swim across the sea..
Definitely!

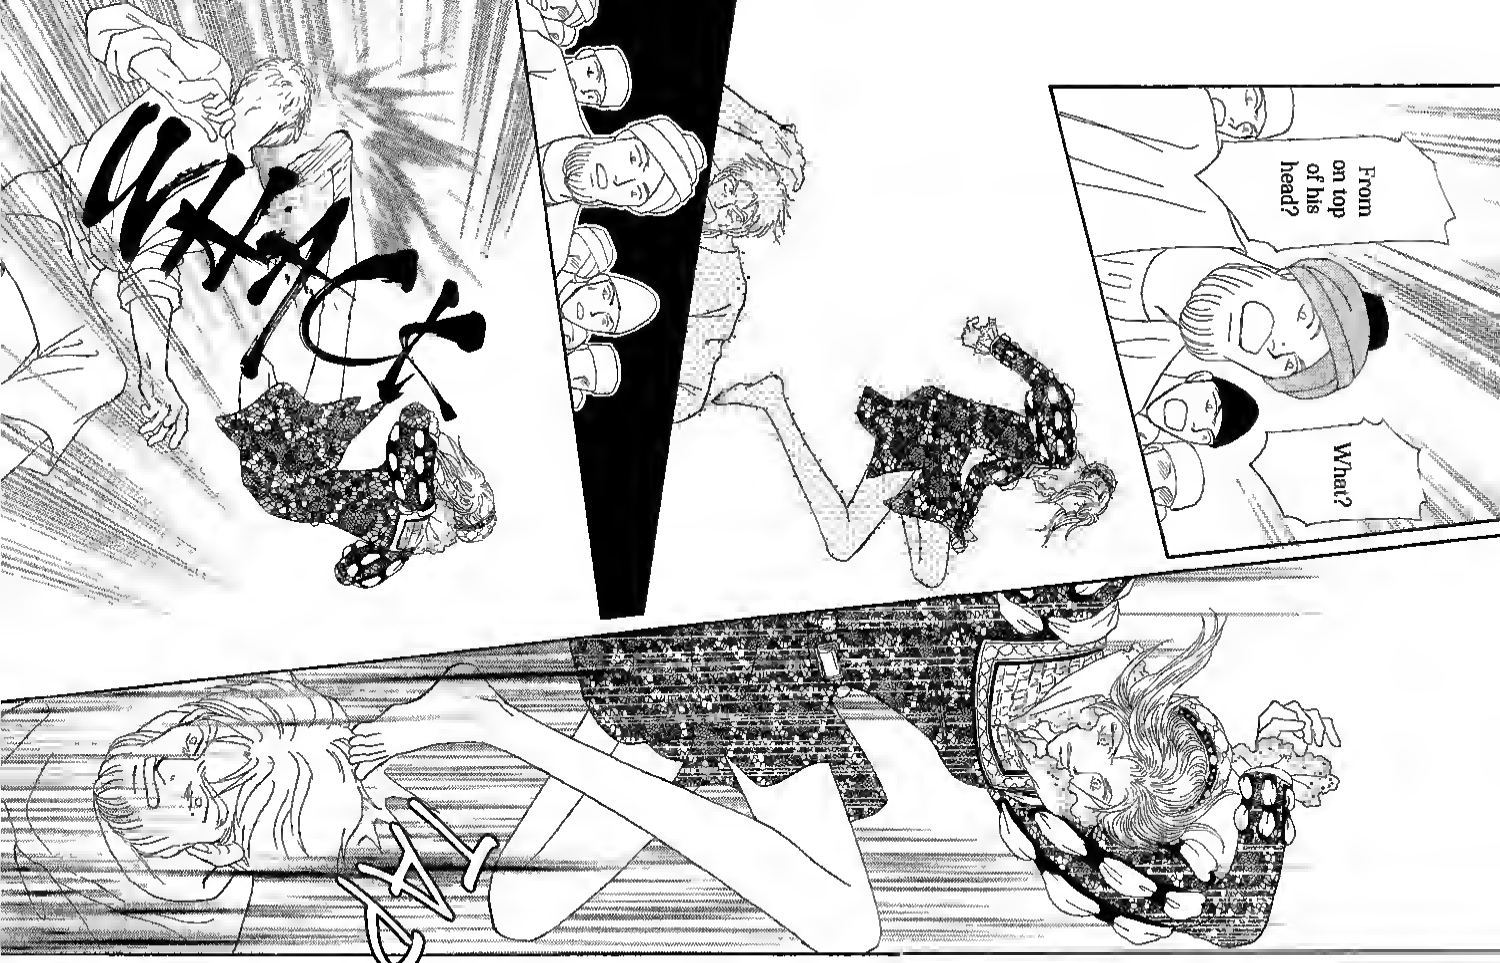
FRO ZEN
Aciel...
Missy
Well it looks like you still don't understand how fearsome us pirates can be.
Captain, may I kill this wrench?
Even the Captain isn't angry
Ulvi, don't take what women say so seriously!
You dare threaten to kill our Captain?
Ulvi!
Just based on that, you ought to be hanged.

Team Zica Credits: ***Sutefu Dola*** checked quality, and she does a great job!
We support your motto: "May commas die forever more <3" !! *rises fist*

To be taken lightly by others, us Barbary pirates are done for!
If I win against this fellow,
Dragut!
WOH!
DON'T JOKE AROUND LIKE THAT, YOU WO-MAN!
Then let me wear men's clothing!

Okay.
!!
SWISH
HIT!
Uwoooh!

CRASH!
To think that she managed to make Big Head Him
Collapse to the ground
ROAR!
I'll strangle you!
SHAKES
Why you...
Wo-man...



Team Zica Credits: ***PurpleLibrarianGuy*** came to visit our place and was kind enough to explain us the correct way to adress our muslim brothers. Thank you very much! *bows* UNK is great cause of things like that.

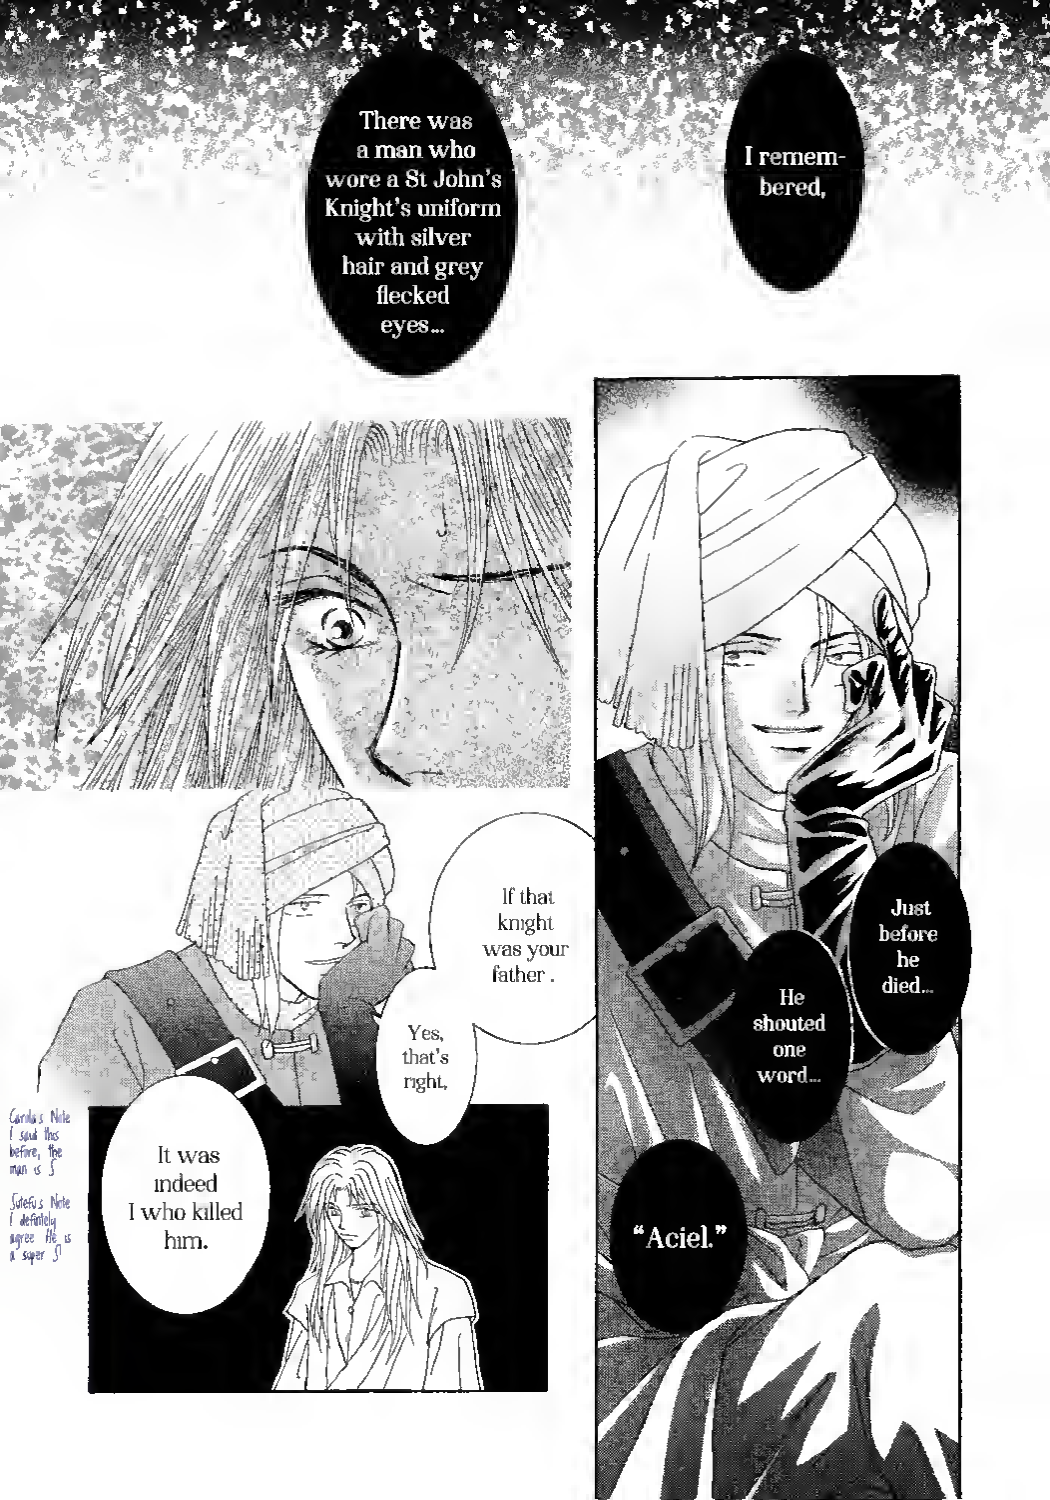
Team Zica Credits: ***Carola*** cleaned, pretyped, made everything to look shiny. People, soon is her bday, bring her a good translator as gift. And some cookies. :P

ROAR!
The lady is truly awesome!
ROAR!
Absolutely amazing!
Is that angel your woman?
To think that such an uncouth bunch of pirates should praise her as enthusiastically as if they were praising their own comrades
How incredible
Vice Captain Daud...
Indeed
Indeed, the most beautiful things last only for a moment!
I want to quickly change my clothes. Let's move!
At all
Angels
Medically speaking, are they male or female? I just have no idea...
Carla's Note: And Lucas shakes the question!

KERCHAK
No That...
I won't help you for minor ailments like stomach aches...
Oh, why have you come?
Is this uncle the ship's doctor?
Ah? Lucas isn't here...
There is a casualty, and they asked me to send the ship's doctor over.
What?!
Aboard deck... towards the stern of the ship
They only know how to order people around!
STEP STEP
Sorry for the trouble!

Caghari, you must buck up as well!
I will definitely
Avenge this!
Brother ..
You're still alive...
That's great.
..breath..

And next, to find Aciel!
She doesn't even care that I'm here watching her change.
"Aciel."

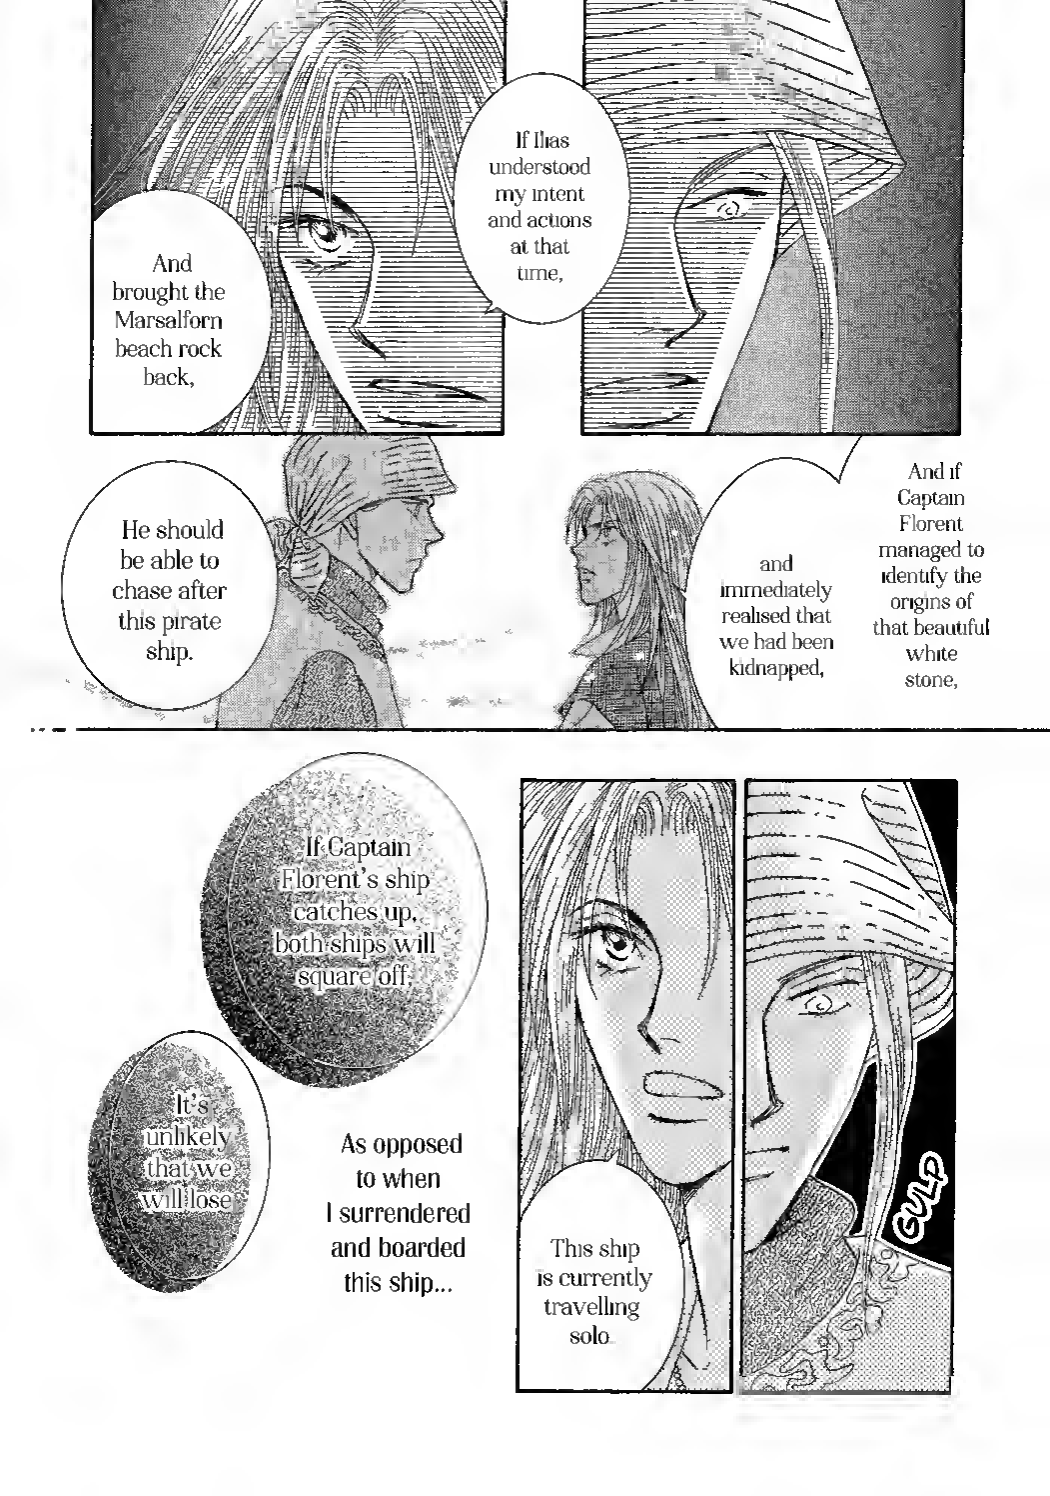


There was a man who wore a St John's Knight's uniform with silver hair and grey flecked eyes...
I remembered,
Just before he died...
He shouted one word...
"Aciel."
If that knight was your father.
Yes, that's right,
It was indeed I who killed him.
Carolus Note: I said this before, the man is S
Sotetsu Note: I definitely agree. He is a super S

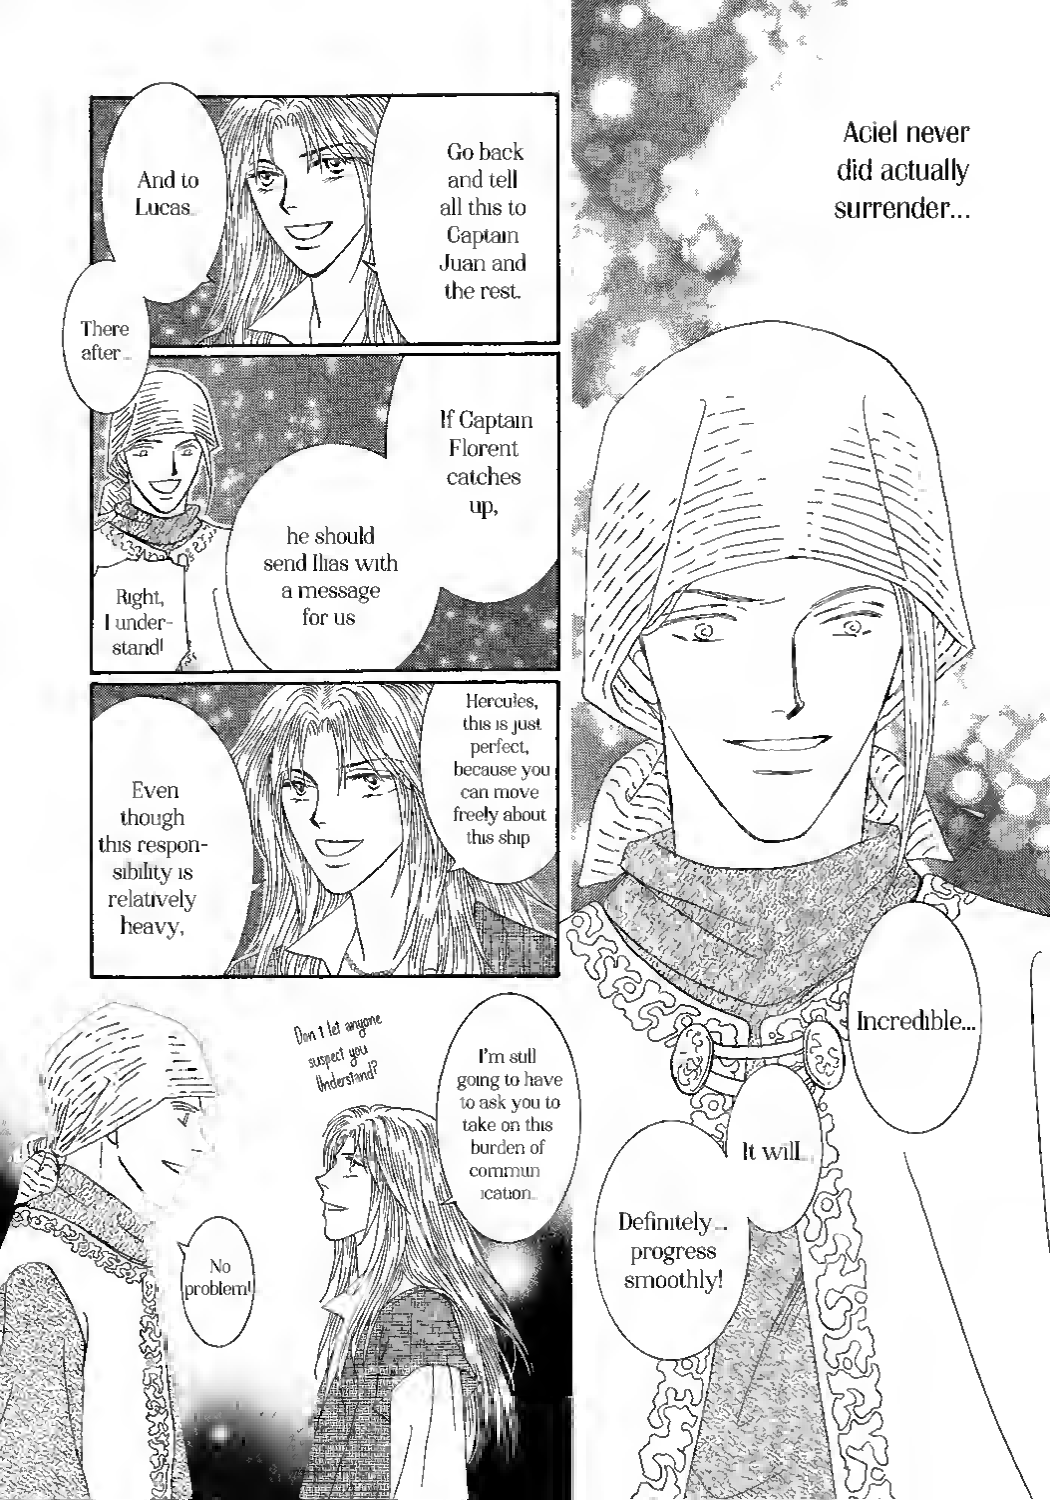
WENCH
BAM!
Captain!
Captain!
The situation's not good...
What is it?
!!
Cannons and bullets have pierced the bow...

Team Zica Credits: ***Zilvere*** scanned, cleaned and suffered Carola's constant nagging to work in LINK.
So he checked every little detail Carola left pass by...! Balanced S and M levels FTW!

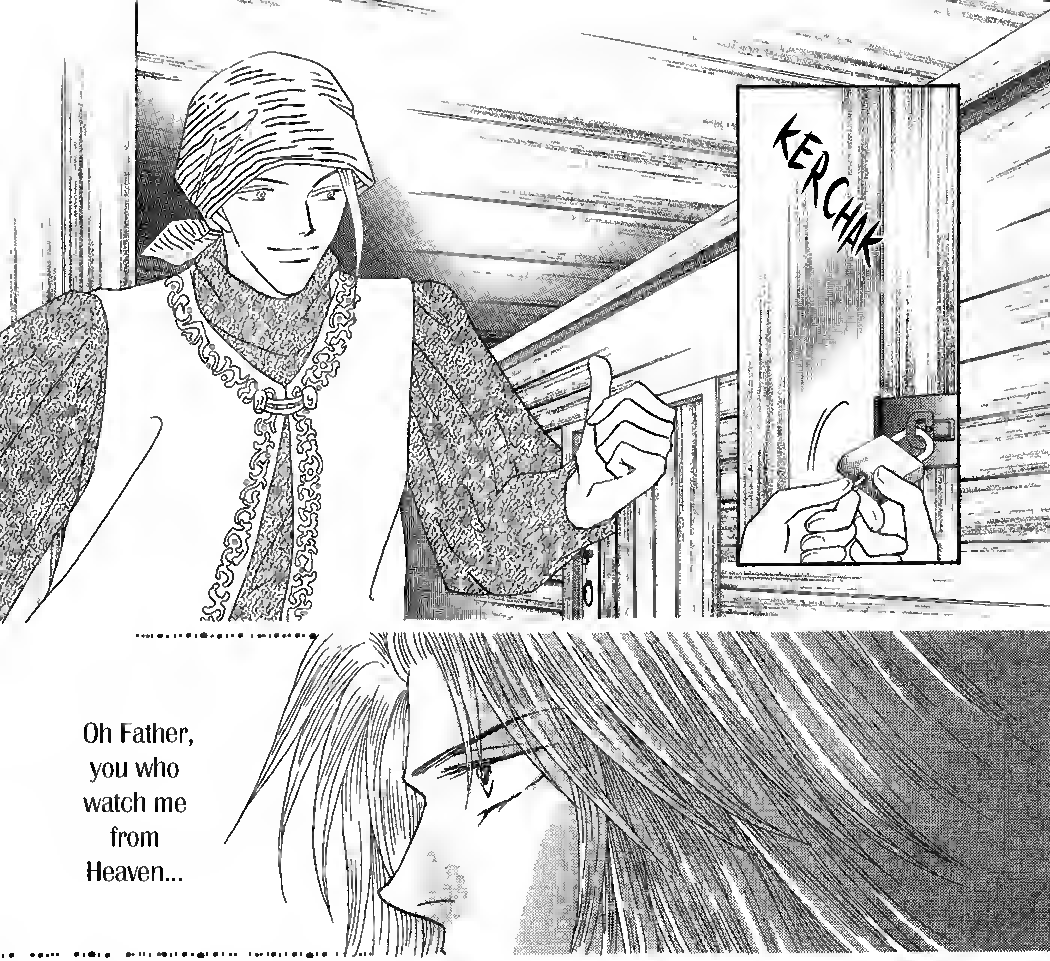
You've got to think your father for it!
You must think of me as most painful!
For one who has been locked and tied up by his dad since he was a child,
You could consider changing your profession!
You're just like a thief!
for me to escape from knots or to break locks is but my specialty!
AHHHH, HOW MEAN OF YOU ACE!...
I WAS MERELY CONCERNED ABOUT YOU AND HENCE HAD TO DO ALL THAT...
We don't actually know how to steer a ship, and are likely to capsize. So my plan was called to a halt by Captain Juan and Augustine.
I originally thought of capturing this ship,
but if we do that,
If things develop as I anticipate,
There might sull be a chance for a reprisal
If we are to be brought to Turkey just like that,
Damnit!
Then I'll be unable to avenge my brother and Caghan!



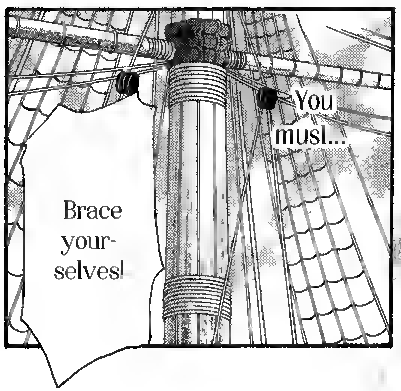
And brought the Marsalforn beach rock back,
If Ilias understood my intent and actions at that time,
He should be able to chase after this pirate ship.
and immediately realised that we had been kidnapped,
And if Captain Florent managed to identify the origins of that beautiful white stone,
If Captain Florent's ship catches up, both ships will square off.
It's unlikely that we will lose.
As opposed to when I surrendered and boarded this ship...
This ship is currently travelling solo.
GULP



Aciel never did actually surrender...
Incredible...
It will
Definitely... progress smoothly!
Don't let anyone suspect you understand!
I'm still going to have to ask you to take on this burden of commun ication.
No problem!
Even though this respon-sibility is relatively heavy,
Hercules, this is just perfect, because you can move freely about this ship
Right, I under-stand!
he should send Ilias with a message for us
If Captain Florent catches up,
There after...
And to Lucas...
Go back and tell all this to Captain Juan and the rest.



Oh Father, you who watch me from Heaven...



Please, you must give me one more chance.

Hassan, you musn't die!
Kemal, don't get so worked up
If anything happens to Hassan, I'll throw you into the sea to feed the fish!
What are you saying, Dr. Yavuz?
I heard that the wounded was at the stern of the ship, but it turns out that he's at the bow!
He is impossible to treat
The bullet went straight through his forehead and is currently lodged inside
This wound is very severe
Us pirates cross paths with death as a matter of fact.
Even young Hassan is no exception,
give up!
My younger brother is only 16 years of age!
But, Captain!! Hassan...
He shouldn't be dying this early!
I won't permit you to throw him into the sea
Even if it's just Dr. Yavuz, he is still valuable
Carola's Note
Even if he's just a quack, I
-Funny line Project

BUAAAHH! HASSAN, DON'T DIE!!!
The next time that I'm reincarnated, I won't be a pirate anymore
...
Should we try and let that man treat him?
If it's that highly skilled doctor,
Perhaps...

Just one more chance!
There is a way...
To save Hassan's life.
Please give me...

KERCHAK!

!

was said to be a doctor from Syria.

In one of the famous books in Christianity, St. Luke from *The Gospel of Luke,*

Since ancient times, St. Luke has always been revered as the guardian saint of doctors.

Along with the fact that the German form for 'Luke' is 'Lucas'.

We are in need of your medical expertise
Come with me
Hassan, Hassan!
Kanal calm down!
What do you think?
Can he really not be saved?
:
After penetrating his forehead, it got lodged within his skull
Our ship's doctor is at his wits' end,
and if we delay any further, he will die
!!
If I were to open part of his skull and operate...
Thankfully the boat has plenty of pain killers and barbiturates
After I take out the bullet and stitch his skull back, he should be fine

Team Zica Credits: ***Yun*** helped with the proofreading· thank you for your time! Is much apreciated ^^

zdvere's Note: Girl's doctor! *funny face*
Carrita's Note: Meh *hates doctors*

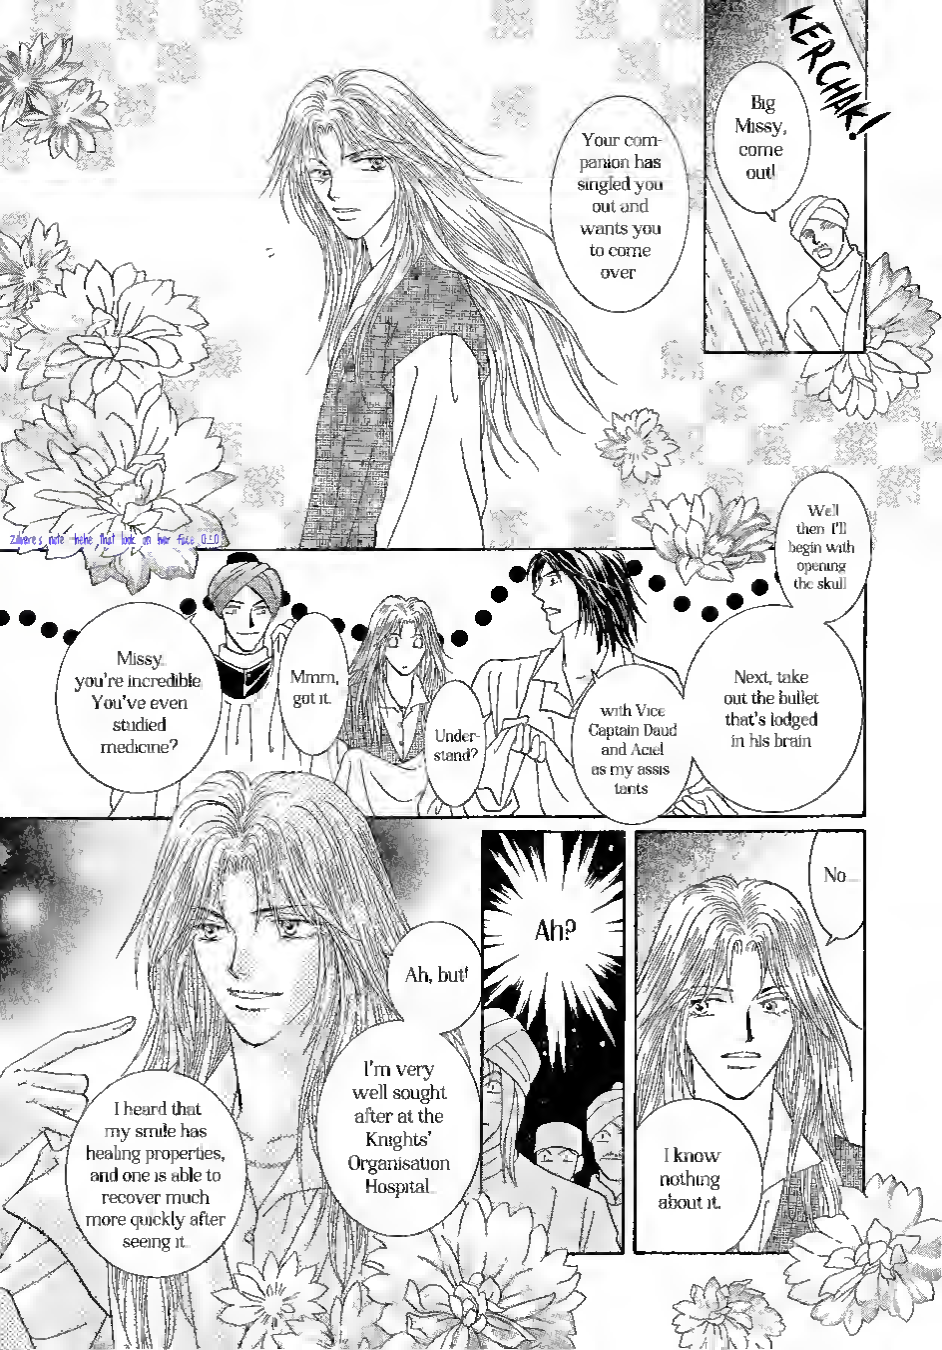
Try to get more sea water for my use
In that case, first carefully bring the patient into a room
We'll help as well
You will need to find a spot which has good circulation A bright, light-filled room with windows, and then
Tell us what to do!
!
?
MUMBLE
MUMBLE
WHISTLE
I won't raise the suspicions of those pirates
It's just right, Ilias is circling near the boat.
So if it's now,
Even though I don't know what happened, the bow of the boat is in chaos,
Saying that, this situation is such a coincidence

Team Zica Credits: ***Zilvere*** scanned, cleaned a little and planned evil stuff. That last part is most important, Humankind is thankful! Keep on like that either until they (or we) regret it (;

FLAP!
It's exactly as Aciel predicted,
Captain Florent's message has been truly delivered to us!

Next,
I need two assistants.
Mr Ship Doc tor
AGGHH!
I can't!
I've never seen the head region!
What about Captain
Shouldn't we fire the quack doctor?
Every one, please help
If it's possible, I wish for people with nimble fingers
The head region is most complex
Let me!
It was I who asked you
I will take on one third of this respon sibility
Ah, Vice Captain
Thanks!

Zuheeres Note: Yep, my fix looks good, good :D Carola's Note: Sure it does. People, that gorgeous bubble meant some work. ENJOY IT



KERCHAK!
Big Missy, come out!
Your companion has singled you out and wants you to come over
Zahara's note: Hehe, that look on her face. O.o
Well then I'll begin with opening the skull
Next, take out the bullet that's lodged in his brain
with Vice Captain Daud and Aciel as my assistants
Understand?
Mmm, got it.
Missy, you're incredible. You've even studied medicine?
No...
I know nothing about it.
Ah?
Ah, but!
I'm very well sought after at the Knights' Organisation Hospital.
I heard that my smile has healing properties, and one is able to recover much more quickly after seeing it.

IT IS NOT LIKE... HASSAN'S IN THE SORT OF STATE WHERE A SMILE CAN HEAL HIM...
Inter esting
TIES
To seeing your instinct and gut,
Aciel
I'm looking for ward
Is the injury very serious?
Let's begin quickly!

SWALLOW
KERCHAK
OPEN
Brother... He should be more or less awake by now, right?
I have to go search again!
Has she been moved to some other room?
Ah?
Ariel isn't here...
In that case, we can't discuss

But there isn't much time left...
What shall I do? Should I wake him up?
Brother
Hurry and wake up...
Brother, it's me
Brother-er!
Her cules...
You... why are you dressed like... that...
He he, I'm in disguise

!!
Because we're currently on the pirates' ship
No, Brother, you must not move!
Uwah!
Broth-er!
What...!? How did that happen?
FWAP
I and Caghart were both
Cut down by Dragut.
We should currently be on
Gozo Island
exchanged ourselves as captives in accordance with the conditions of the deal
Hence Aciel, Lucas, Captain Juan, Augustine and I
Lucas saved you both on Gozo Island, but we were missing medical supplies
Therefore, we are all here on Dragut's ship
Although his injuries are severe at least his life is safe
Caghan is asleep next to you

The other The Italian Branch members?
Where Where are they
The 58 men on Gozo Island
All Died
If you want to die
Let's die together!

Why am I the only one left alive?
That was our agreement.
You must keep on living! All of us, we will all go back to Malta!
There is nothing to be ashamed of!
Brother, you're incredibly brave!
Big Brother!
Brother!
Then, we all will fight against the enemy!
Once we are back in Malta, you will recover your health!
I received his message!!
Florent's ship should caught up to this ship by tonight!
Illias sent it
No Hercules
I cannot go with all of you
We will definitely be able to bring you guys on board Florence's ship!
Captain Juan and the others will assist Caghan
I'll carry you

Leave... Cagliari and me...
The five of you... Escape!
Wh
Why...

Team Zica Credits: ***Rbliss*** helped with the typing. She's a hard working girl, that's wiling to learn new stuff...
Thank you very much! <3 Hope we can keep on with this good work.

How young.
Just like a child.
Hassan is only 16 years old!
Please, I beg you!
Do your best, Hassan!
We definitely will save you.
Even though you might be our enemy, to die now is way too early fo you.
This is indeed...
A healing effect...

Very much like...

The soft encouragement of an angel.

GRIND GRIND

Ah the skull

GRIND

Me too I can't stand it

Ugh

I can't look any more!

Submerge this skull fragment into the earlier prepared sea water

Ah,

Okay!

Her expression has yet to change

Big Missy is incredible

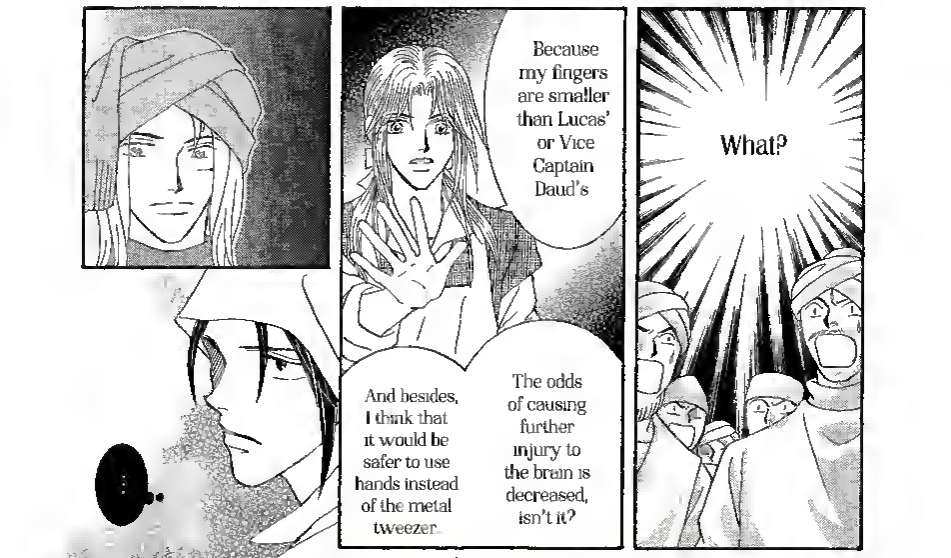
Where did she truly come from?

Even just now, in the face of such a big piece of bone, she didn't flinch a single bit...

Team Zica Credits: *Pixix* translated. Thank you fror the hard work! Best of wishes on this new stage of your life!

If we fail to quickly finish the surgery, the patient will be in danger
No problem
Next I'll open the meninx,
and inside will be the brain in all its naked glory
This child will not die,
I can guarantee it!
Vice Captain Daud, continu ously pour seawater. Don't let the wound dry out!
Aciel, open the meninx!
heh
You're right,
This confidence. Where does it come from?
This patient will not die.
...

Team Zica Credits: ***Sutefu Dola*** helped with the check quality and proofed as well.
Thank you for your struggle against commas :) Please keep on working with us!

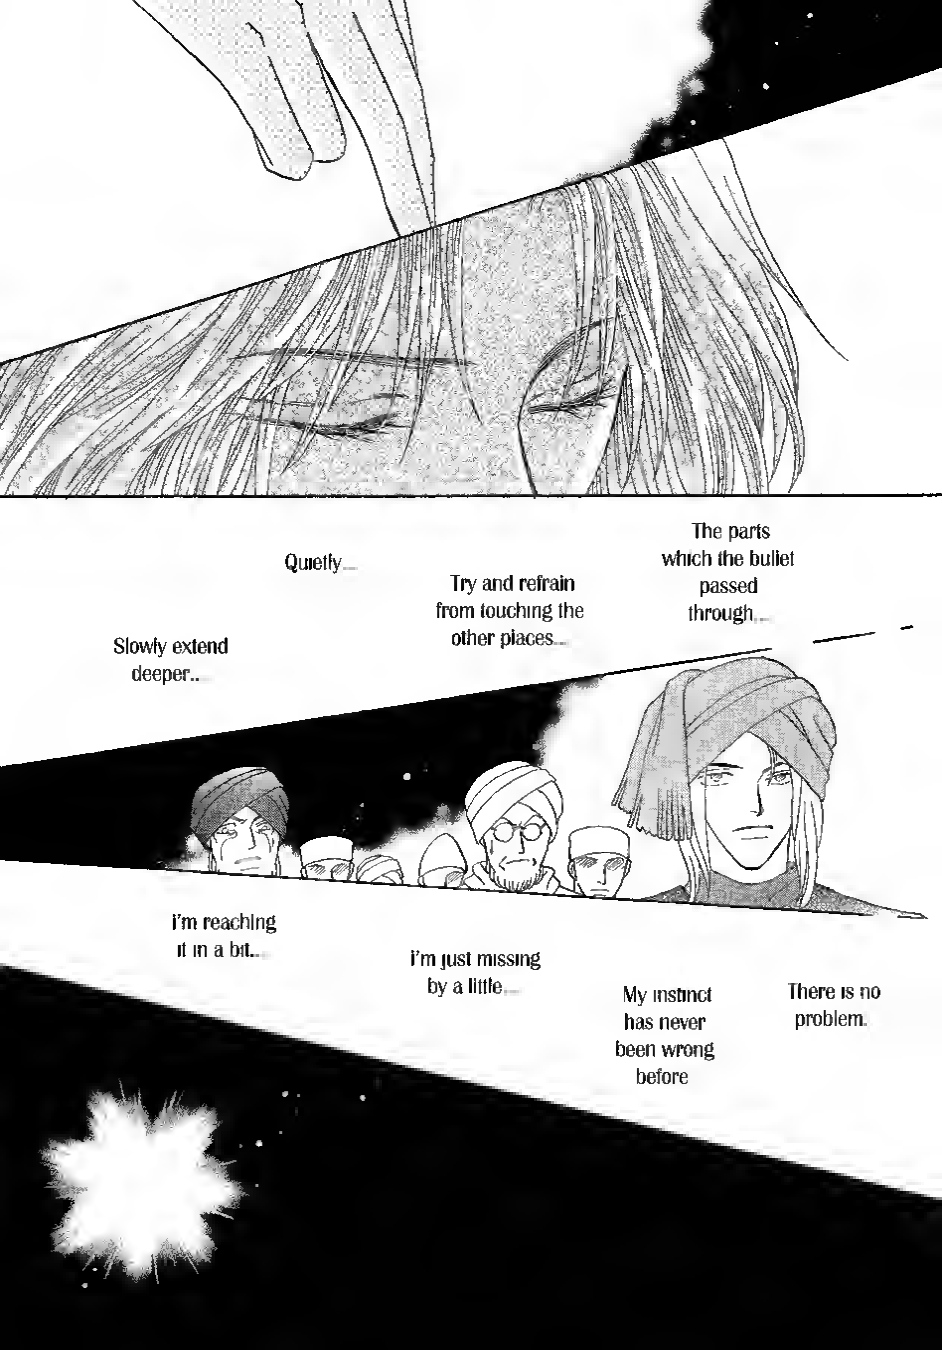


Carolus's Note: I agree with Ariel there's no better tool than human hands. Specially to mop a salad.

Zilvere's Note: Remind me to never let you touch my dear brain with your bloody dirty hands (^_^) (but they are full of smoking fire left overs)

Carolus's Reply: Okay. *cleans her hands in the pullover* *leaves dark stains* But what about the salads?

Yes
Please do your best
I will apply pressure to the meninx
Then we will just trust
Your intuition!
Be so calm and collected?
Can this girl...
How
Sorry
Yes,
Vice Captain Daud, seawater



Quietly...
Try and refrain from touching the other places...
The parts which the bullet passed through...
Slowly extend deeper..
I'm reaching it in a bit...
I'm just missing by a little...
My instinct has never been wrong before
There is no problem.

WOW!!
Has been removed!
The bullet...

Ah, I got it!
Vice Captain Daud, pour the seawater!
Now I'll sew!
There's not even enough time for a breather!
Well done, Ariel!
Is he fine
Lucas?
The bullet went through his head!
That was incredible!
BAWL
HASSAN!!
HASSAN!!
I WOULD'VE NEVER HAVE THOUGHT THAT HE COULD STILL BE SAVED!
It's the angel's healing!
WAAAH
We didn't injure any of the other blood vessels
Yes,
It can be said to be God's own success!

and it was in spite of it.
Being for a nameless peon of the enemy's
Is proof of their own dedication,
That concentration and spirit
This is the first time I've seen seawater being used in the course of treatment to keep the wound moist.
Is this something that you thought of by yourself?
However
Is that
An angel's embodiment?

Why did you not use ordinary saltwater, but instead you used seawater?
Note: Modern doctors use a solution of 0.9% salt water comprised of ordinary table salt.
To use a ratio of 99:1 to mix water and salt together to form salt water.
That is the closest approximation of a human's body fluids
...
Sea water is
much more than just natural salt water
Previously in other minor surgeries where the wounds were comparatively much smaller, I did experiment a little with this
To humans, the head is the most important and is a sensitive area
I thought that in order to save the patient's life, seawater would be preferable to saltwater
Not only can it hasten the healing process, but it can even reduce the burden on the patient's body
I can only say that this was my intuition as a doctor

Syria's Luke Isn't it?
Big Missy!
Doc tor!
Thank you for saving my younger brother, Hassan.
I am truly grate-ful!
Thank you, the both of you!
Now then, my task has finished right?
Before I get locked away again in the cell, can I go and check on the condi-tions of my companions?
I'm not as grand as him
We just happen to be of the same name.

These fellows are amused at the sight of a crowd suddenly animated...
...That won't be needed
You
Should be a mixed blood with Asian heritage right?
That guy's medical skills are not optional- he couldn't even deal with such a simple wound!
Hey, Doctor! Why don't you be our ship doctor instead?
PUAHHA HAHA
Eh!
You guys
We'll fire our Doctor Yavuz!
We're glad to be of service
Come and be a pirate with us, Doctor!
Does that make him our comrade?
Black eyes and hair
You shouldn't be a pure European
Carola's Note: Weak arguments to hide the fact that you're jealous of Lucas! There's been black eyes Spanish people since forever !?
Furthermore, I'm a Christian Knight.
And it was Malta's Knights' Hospital which groomed me into a doctor
My family lives in Germany...
Even though I'm not a pure blood European,

As long as you Moslem pirates continue to attack the Christians,
all of you are my enemies
In the end, what was borrowed must be returned
I will pay you back appropriately
Syria's Luke you have saved the life of my subordinate
Ah?
Speak!

TSK TSK
A fellow who has no desires, won't you ask me to release the little lady?
You don't have to reward or pay me with any thing
No Doctors treating the sick and wounded is natural
SCRATCH
That won't do, the price is too high.
I rescind the offer!
A FAILURE OF STRATEGY!!
Ah!
That's right, there is that move! Then I shall request for that!
Caelia's Note: 3D Real expression "Je taime Lucas"
Them Silva shouldn't have mentioned it!
Captain Are you just playing with him?
We were fooled
You won't do anything to Aciel
If that's so, I'll have to ask you to swear!
In that case

These two conditions are my request
And before we reach Turkey, Aciel and I are to stay in the same room
Is this lady...
Your woman?
You're just playing around with him, Captain
That's why we say that he has to act first!
SCRATCH
What an annoying request...
Or should I say that I've heard something that I don't wish to hear?

That's right.
Aciel is
My woman.

Lucas...
The little lady is...
Your woman...
I see...
WHISTLE!
They do that!!
Doctor and nurse... They are lovers!!
...
If so...
uh
pulls near
Including both conditions
I'll reject this offer as well.

Why not suggest more until you suggest the right one?
Us pirates treat deals and exchanges very seriously
IN THE END YOU'RE JUST NOT GOING TO ACQUIESCE TO ANY OF MY REQUESTS!
(or otherwise)
What was that about what was borrowed has to be returned?
THEN...
in that case...!
Relentless
Ah...!
Well then,
As a reward for saving one of my men
I will release one person!
Lord Daniel and Caghan!
Please let the wounded go...
Please!

Team Zica Credits: ***Carola*** cleaned, and pretyped and kept on fighting in the depths of languages' gap. Also made all the ammends that this chapter needed. And expects a translator. Go get one for her!

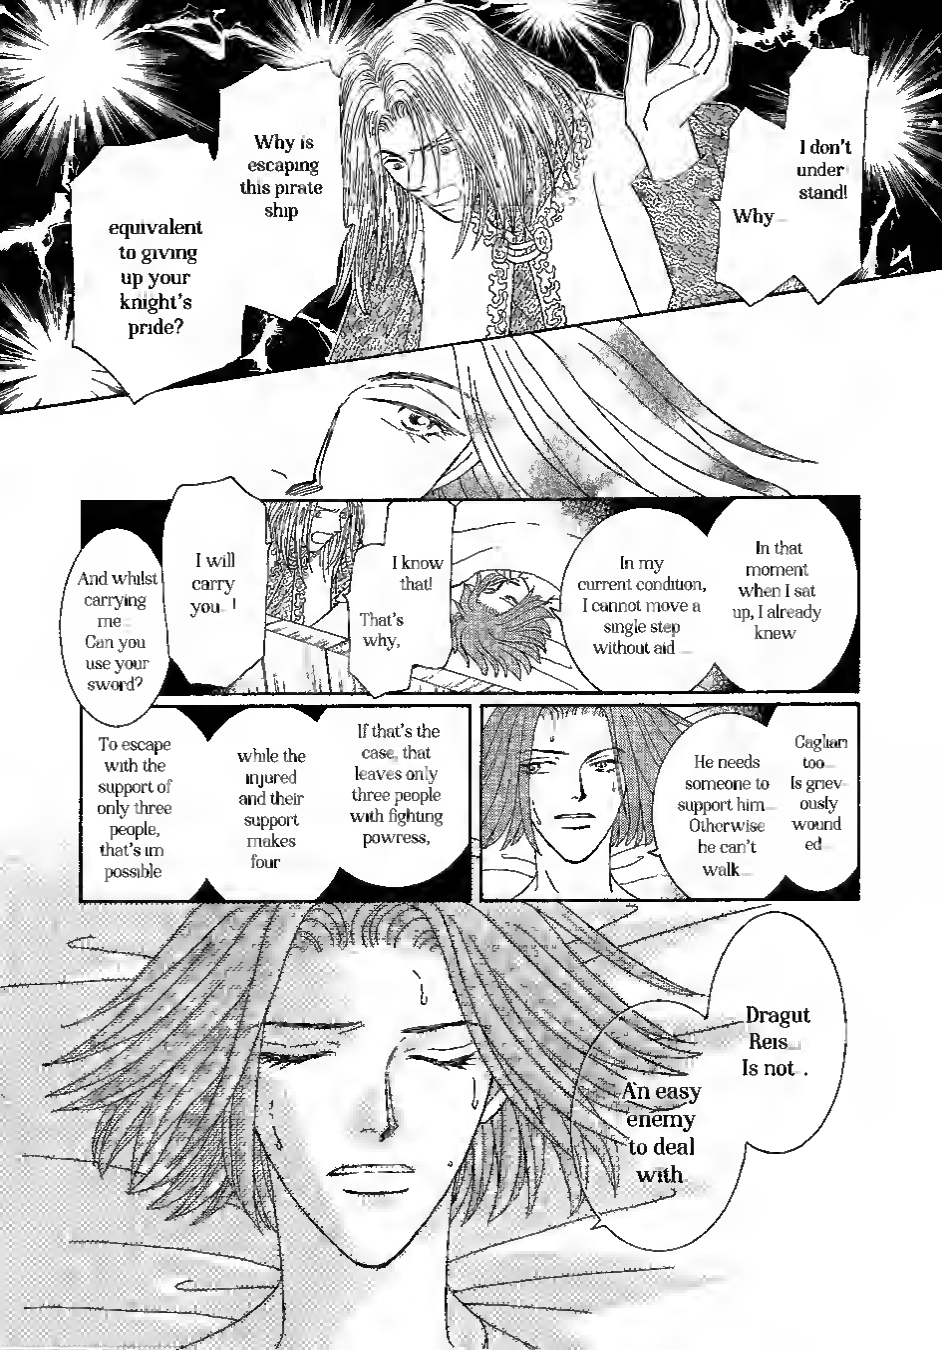
Ihas has returned!
we will be able to determine if the wind is a favourable one or not...
It might just be that luck is on our side From the way that this fellow flies,
I can't fly anymore
Phew...
Putting that aside for now, what does it say?
That guy with the ferocious look in his eyes, Hercules.
Who wrote it?
Phew

If that's the case,
I'll bet on our crew's talent, that we'll catch up with them and show them a good time!
we should have a chance of winning
Fortunately, the opponent's ship has left the ma rtime fleet and is travelling solo If the two ships were to knock heads,
Apparently that guy managed to escape his bonds break the locks, and is now min gling with the pirates
How great
That's Hercules for you !
That's awe some!
YEAH!!
Team Florent, let's go!
There's still three hours till nine!
Full speed ahead!

CREAK...
Yes
A knight's
Pride



Why...
I don't understand!
Why is escaping this pirate ship equivalent to giving up your knight's pride?
In that moment when I sat up, I already knew
In my current condtion, I cannot move a single step without aid...
I know that!
That's why,
I will carry you...!
And whilst carrying me... Can you use your sword?
He needs someone to support him... Otherwise he can't walk...
Caglian too... Is grievously wounded...
If that's the case, that leaves only three people with fighting powress,
while the injured and their support makes four
To escape with the support of only three people, that's impossible
Dragut Reis... Is not...
An easy enemy to deal with

The main warriors strongest at fighting are me, Lucas and Aciel,
and if you meet up with Florent's team,
There won't be any problem, we won't lose.
Then... I'll ask Captain Juan to look after you,
Cagliari will be in Augustine's hands.
...
I'm going to kill him personally with my own hands!
Dragut Reis, that guy,
Hercules
You can't do it.

You can't win to Dragut
The you right now... You can't do it...
You... Are still not the strongest...
Accept this... And listen to me
Even though my Brother's constitution isn't good,
He's one of those rare talents in sword-fighting
If Brother were to have sparred with Dragut and made such a judgment

Team Zica Credits: ***Pixix*** translated. Thank you very much! Awesome work as usual!

Then the truth of the matter must be so!
Da... Damn it!
...
Herc cules...
Please
Broth er
Calmly... Listen to me...
I I've made a mistake...
Every sentence I speak... Takes a lot of effort...
As the Comman der's spirit of courage...
I caused the death of my men...

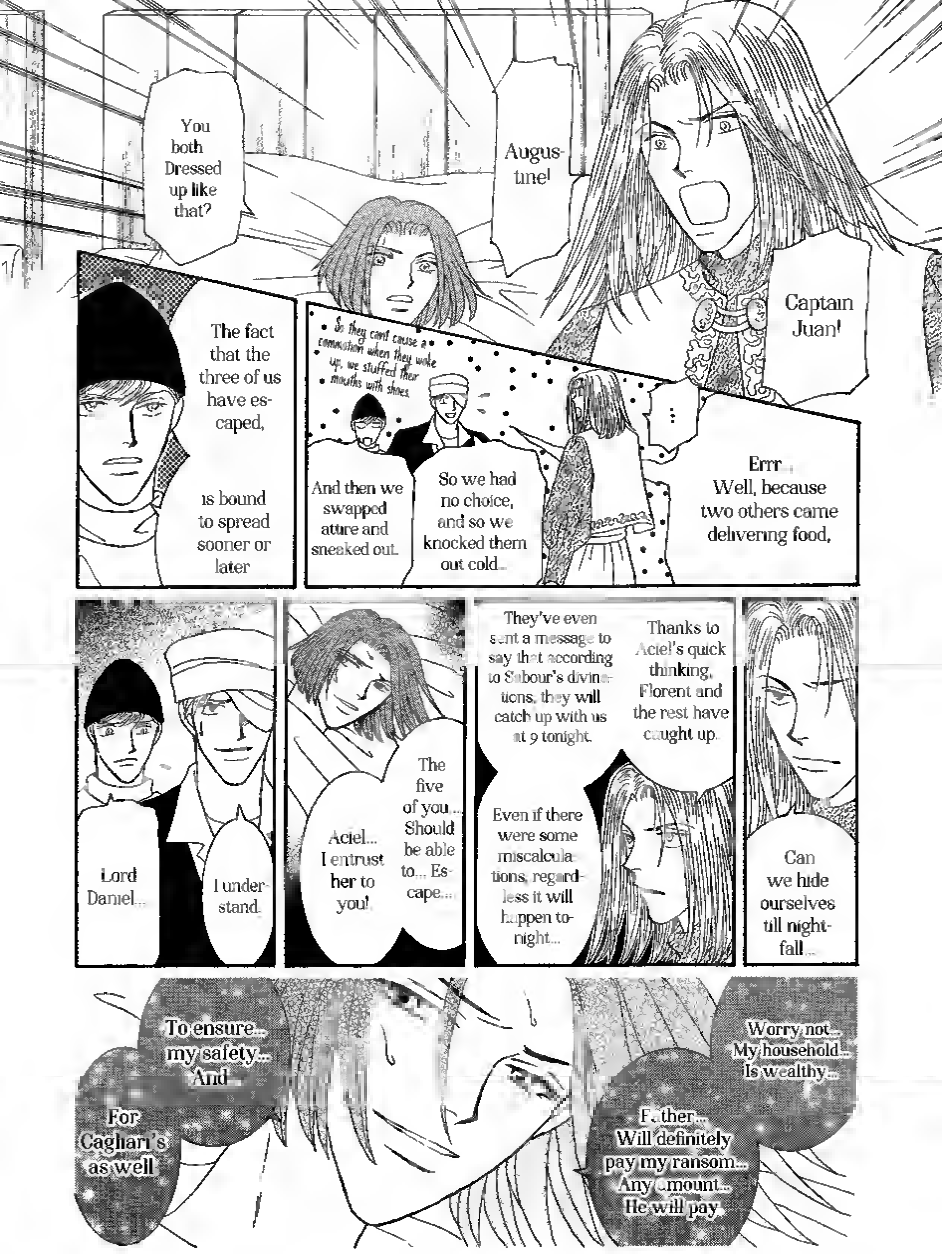
Listen to me
Brother!
That...
I led merely 60 men... The Italian branch...
Into a battle with enemies far surpassing... A thousand men... Pirates...
I should have... Asked everyone... To temporarily fall back
Furthermore, my flawed judgment...
Has even affected The Knights Organisation's most important hope...
And you're about to fall... Into the hands of the Turkish...
I should be the one... The only one... To bear this burden...
They should not... Have died.
You must let... Aciel...
Escape!

The one who can unite the Knights Organisation... the hope...
Aciel... is...
If she... falls into the hands... of the Turkish...
The Knights Organisation will be disbanded...!
I...
Their plan is to make the charismatic Knights' Grand Master... lose the trust of his men, thereby attacking the St John's Knights' strength
The Grand Master told me... that Enrique, while spying, came to know...
That Turkey... is very interested in Aciel, the female knight... to the extent of planning to kidnap her
You can't, just because of me... make an even worse mistake...
Have already destroyed the Italian Branch

I hope... as a Knight
To die like a Knight...!
Big Brother!
Brother, that's enough!
Aciel, she...
Will most likely not agree... to leave me... and Cagliari... behind and to flee herself...
Hence...
PANT
PANT
You must... you must convince her...
Herc cu les
P please!
Stop talking!
Ple please... Hercules...
I don't wish to give
Aciel and the Knights' Grand Master any more trouble...
Pl please

I'll do as you said...
And leave you and Cagliari, and definitely...
Will let Aciel escape
It's a promise. Hey...
You must...
I will...
I understand.
If it weren't for the fact that I was such a hopeless brother,
Big Borther would originally be the Roman Cardinal...
With a most rapturously bright future.

In order to let me, this incorrigible murderous maniac,
I have a proper occupation,
Big Brother accompanied me in becoming a Knight
RATTLE
If my Brother, who gave up everything has only this one thing left, has only a Knight's pride,
I...
Will protect it with my life at all costs!
We've heard everything that you two have said.



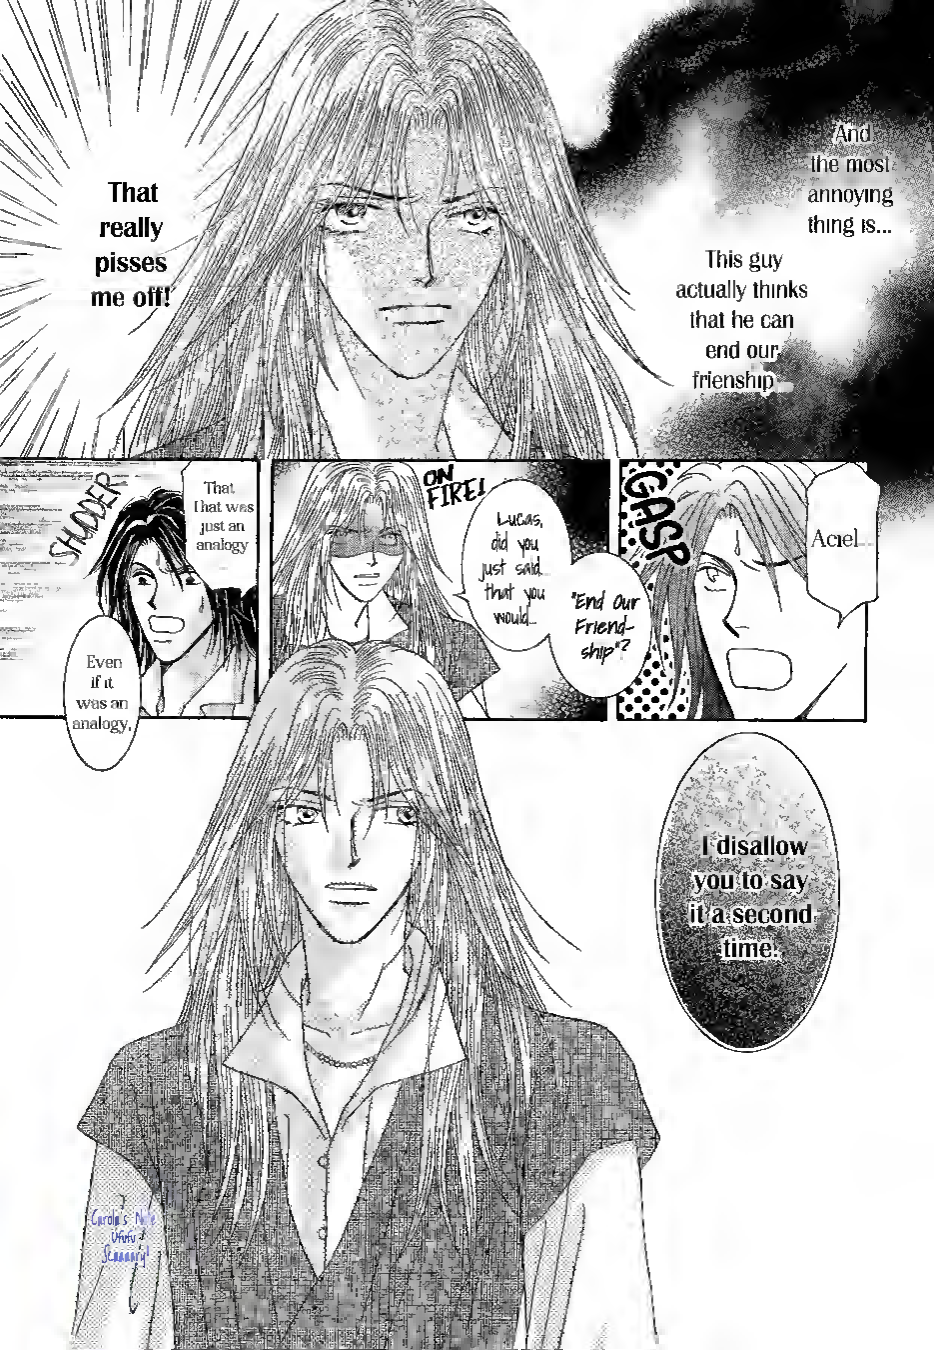
You both Dressed up like that?
Augustine!
Captain Juan!
The fact that the three of us have escaped,
is bound to spread sooner or later
So they can't cause a commotion when they wake up, we stuffed their mouths with shoes.
And then we swapped attire and sneaked out.
So we had no choice, and so we knocked them out cold...
Err... Well, because two others came delivering food,
Lord Daniel...
I understand.
Aciel... I entrust her to you!
The five of you... Should be able to... Escape...
They've even sent a message to say that according to Sabour's divinations, they will catch up with us at 9 tonight.
Thanks to Aciel's quick thinking, Florent and the rest have caught up.
Even if there were some miscalculations, regardless it will happen tonight...
Can we hide ourselves till nightfall...
To ensure... my safety... And
For Caghan's as well
Worry not... My household... Is wealthy...
Father... Will definitely pay my ransom... Any amount... He will pay

Team Zica Credits: ***Ren*** helped with the cleaning. Thank you!

Can you not let one more person go?
Relentless
The equivalent of Hasan's life, is an unconditional release of one of your injured companions
No,
the deal was one for one
If you wish to free another one
Yes,
An additional benefit
An additional benefit?
!!
You'll have to suggest an additional benefit

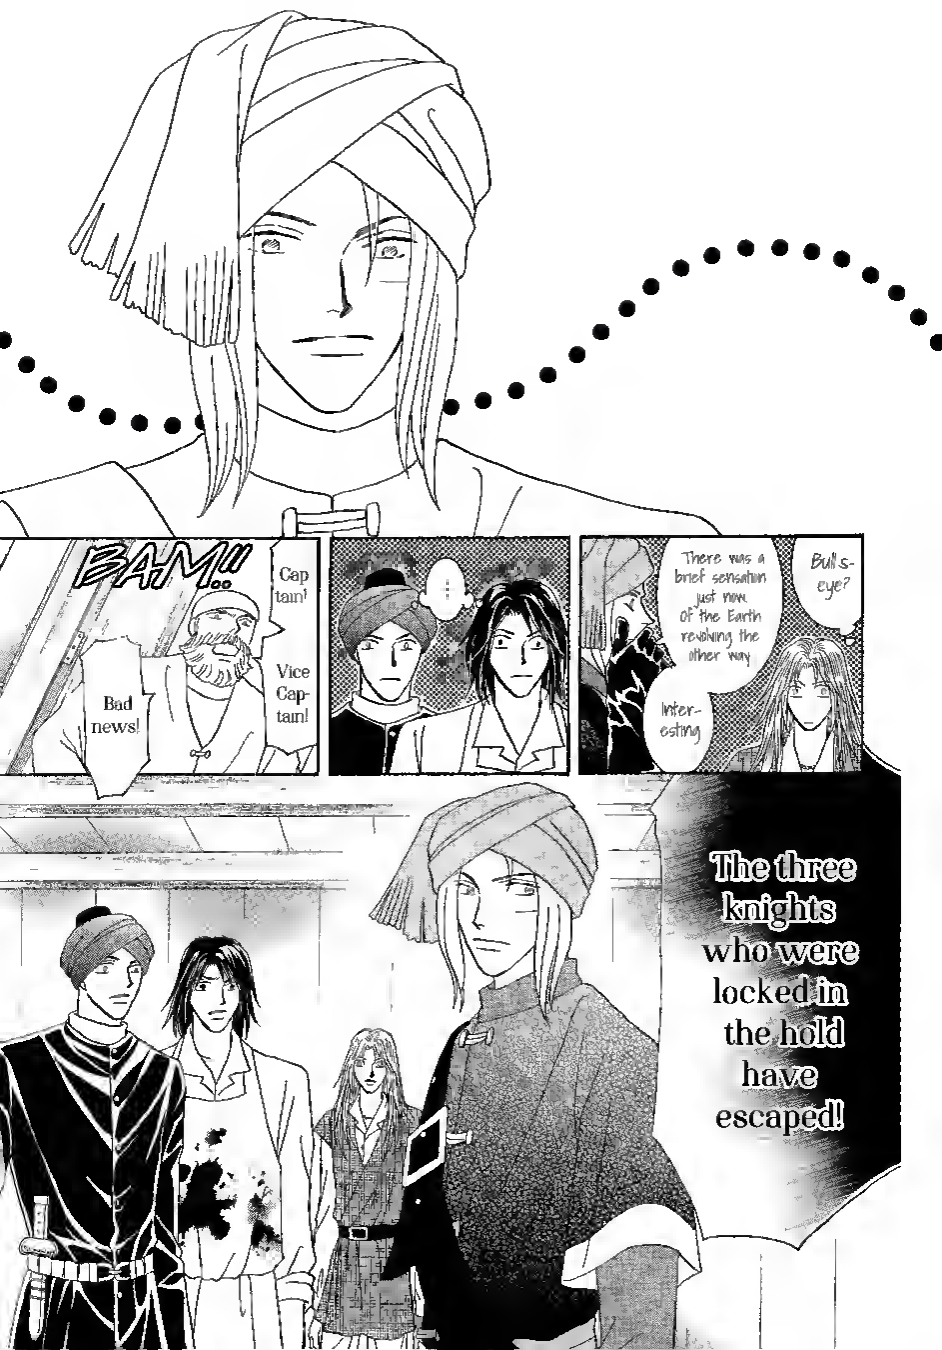
For example, tonight.
if you were to proactively offer yourself to me and become my woman... What do you think?
What?
I'm not forcing you It has to be consensual.
to avoid raising the ire of Vizir Sukullu
He's the enemy who killed your father!
You don't have to think about this!
...
I truly concur.
This guy's attitude changes pressure too quickly.
HMPH!
THIS DAMN PIRATE
Vice Captain take this fellow back to his cell!
Having the lover present is indeed a stumbling block,
Aciel!
Come, let's go,
what ever happens next is the Little Miss' decision
If you even dare to agree, I will be incredibly mad!
Aciel listen!

End our friendship?
I'll never talk to you for the rest of my life!
FINGER!
This guy... He dares to think of ending our friendship?
Even if we were to be locked up for a while, as long as the ransom is paid,
Don't you dare do anything silly or rash!
we'll be freed immediately!
In the midst of my frustration in thinking of ways to save Lord Daniel and the rest,
Which means I'll end our friendship!
The end our friendship!
why do you have to intimidate me with the threat of ending our friendship?!
That makes no sense!
Rose Alanna Nate Ariel!!! And Total <3 for Lucas!!!



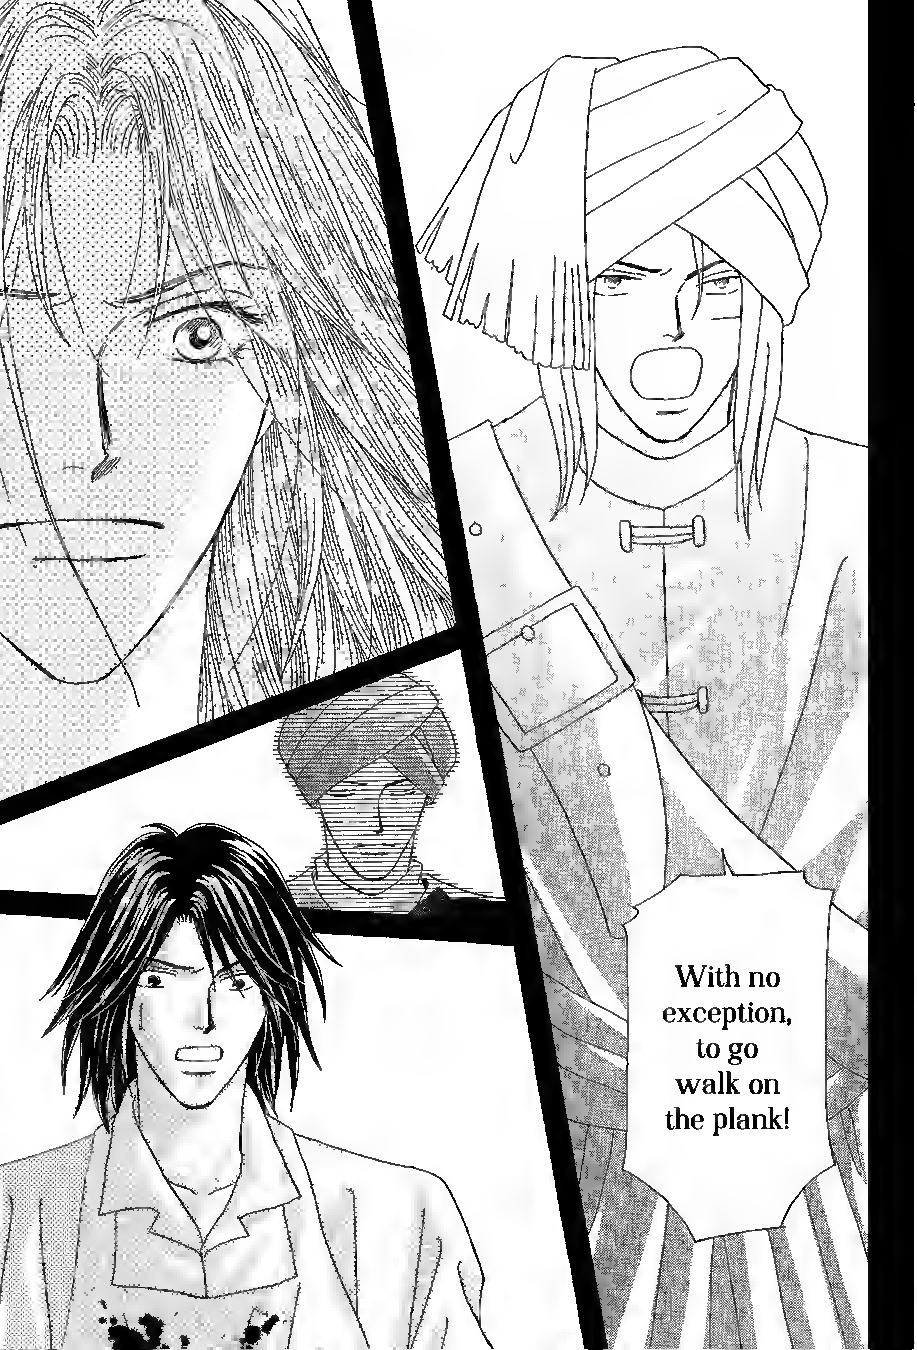
That really pisses me off!
And the most annoying thing is...
This guy actually thinks that he can end our friendship
SHUDDER
That that was just an analogy
Even if it was an analogy,
ON FIRE!
Lucas, did you just said that you would...
"End our Friend-ship"?
GASP
Aciel
I disallow you to say it a second time.

To lend you my body for a night is not impossible,
but to lose the heart of someone important to me, that's just not worth it.
Dragut, did you hear that?
He was completely and utterly devoured
I apologise. I won't say it again.
A life that is tied down by a man,
Is really not interesting!
For a man who doesn't understand the happiness of being tied to a woman,
you don't have the right to say that of me right?



BAMM
Cap tain!
Vice Cap- tain!
Bad news!
...
There was a brief sensation just now of the Earth revolving the other way
Inter- esting
Bull's- eye?
The three knights who were locked in the hold have escaped!

What about the two casualties in the medical room?
They tied up the three people who were responsible for bringing them their meals, and escaped after they stole their clothes and weapons!
They're still there! Both of them are still soundly asleep!
Send men to the medical room to stand guard!
What about the escape boats?
All are still here, not a single one is missing!
Search every corner of the ship, leave no stone unturned!
Then they must still be on the ship.
Bring them to me once you've found them!
To escape from battlefield or attempt to mutiny means



With no exception, to go walk on the plank!

RUN!
Yes sir!
How foolish
There is no way that it can succeed,
what on earth are they thinking
Sorry, Lucas,
although I didn't tell you,
but I knew that Hercules had escaped
AH?
In any case, the person who should be responsible for the escapees
Is me, their superior
Furthermore I asked him to be in charge of communications on the ship
My subordinates were only following my orders,
Sentence me to death and if it's possible,
reduce the sentence on my subordinates after that

But the Doctor and the two injured patients have nothing to do with this, and as such will not be punished.
The news of the three escaped knights has already been passed around the whole ship,
And Missy...
to reduce the sentence is not possible...
Immature Miss Superior Officer,
you had better carve this lesson in your heart.
You don't have to be punished for this
Since this failure will be sufficient for you to regret this your whole life
As a commander if you are brave but foolhardy,
that will only lead to the death of your subordinates
The next words of warning are for you....

Stop being a knight!
It doesn't suit women
Vice Captain, take the doctor to his cell!
Yes
Until the three knights are caught, you are to guard the doctor!
Understood
Come, let's go!
Don't act rashly!
Promise me!
Aciel,
Aciel!

CRASH!
You aren't likely to obey quietly...
Right m'lady?
WHOOSH
The waves have gotten huge!
Ahhhh!
The Captain isn't the captain for nothing. He's always so calm, collected and impartial
I definitely wouldn't be able to do that!
If I was to kill my benefactor,
THUD
THUD
Are the two people who didn't flee,
Because the little missy and the doctor
Oh, that's right!
So they won't be punished.
even before we find the escapees
For all we know we might meet with danger
What?
However, Kamal is really lucky!

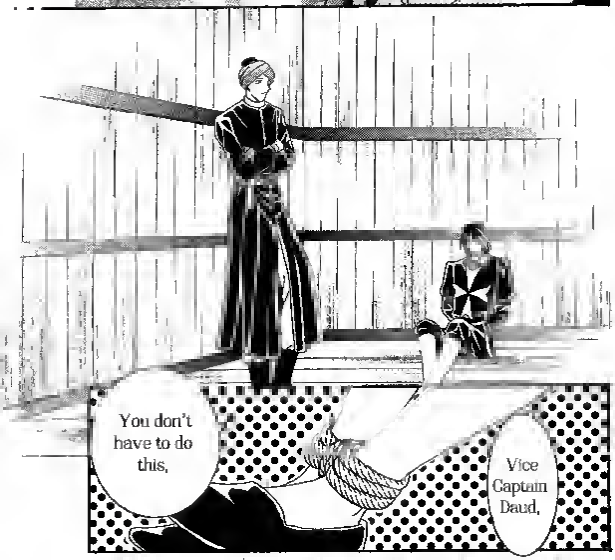
Did they cast some sort of spell?
But, it's fortunate that they won't be in trouble because of us
Looks like the both of them have won the hearts of the pirates
That's true
Didn't they appear to have been talking about Aciel and Lucas?
They're gone..
Even if there's just that slight chance
And of course the two wounded are blameless as well
Be patient, Hercules
Really doesn't suit my personality!
According to my internal clock
To sneakily escape like this,
There's still two hours more until Florent's ship is scheduled to arrive, right?
We mustn't let any of the rescue team get hurt!
we will have to avoid annoying the pirates
As long as Lord Daniel and Caghan continue remaining on this ship,
But,
Florent's ship is gonna catch up at 9!
we have to devise a way to inform Aciel and Lucas,
I know that!

Be careful...
Good!
Then I'm going to go first and see if I can find Lucas and Aciel
The problem lies in this storm and gale,
Florent's ship will catch up by 9...
HOWL...
In this way...
Can the ship really get close enough?
Has Florent's reply been recieved?
There is too little information...
Or has it not yet arrived?
We'll wait till Florent's ship just about reaches this ship,
all five of us will just jump across in a single breath,
And then just before it escalates into a full blown battle, we'll all quickly escape...
Right, Uncle?!
That's right,
you're very clear about it!

Team Zica Credits: ***Zilvere*** scanned and checked the quality.

If this continues on like this, and if the three of them get caught,
They will be goners on this ship!
Damn... Damn it!
If you guys even dare to rebel,
I will kill the two who are wounded.
That is the current position...
Don't think of resisting,
no one among you can beat me.
Even if it's because you're a woman that you receive a lighter sentence from me,
that in itself has its own limits.
I am the demon...

At the crux of the crucial moment,



I too, am the angel who hunts.

The truth is, I have no such feelings to any of the other knights.
But to you, I don't wish for you to die just like that.
Just endure it, on the basis that we have the same fate and are of the same ethnicity!
???
Found them...!

ROAR!
CRASH!!
KICK!
HIT
PUNCH!
Yahhh!
Uwah ahh...
Ehhh!
Woha!
WOBBLE

Curcio's Note "Okay, idiot?" xDD "Don't because your own death because I would be blamed for it... so take care! *punch*"

...
If you don't lower your sword
I'll... Let go then,
Surround them on all sides!
WHACK
It's them three!
We found them at portside, the ship's stern!
THUD
STOMP
There is nothing to be worried about
All of you, quickly escape this ship...
You're awake, Caghan?
Ye... Yes What is this place?
Don't worry sleep and rest a while longer.
Dan... niel Branch Leader

Everyone from 9th Branch...
Aciel...
Hercules...
RUMBLE
There's only one hour left...
Until 9 o'clock, the time settled.

WHOOSH
Is there a demon dancing in the deep?
What an incredible storm...!

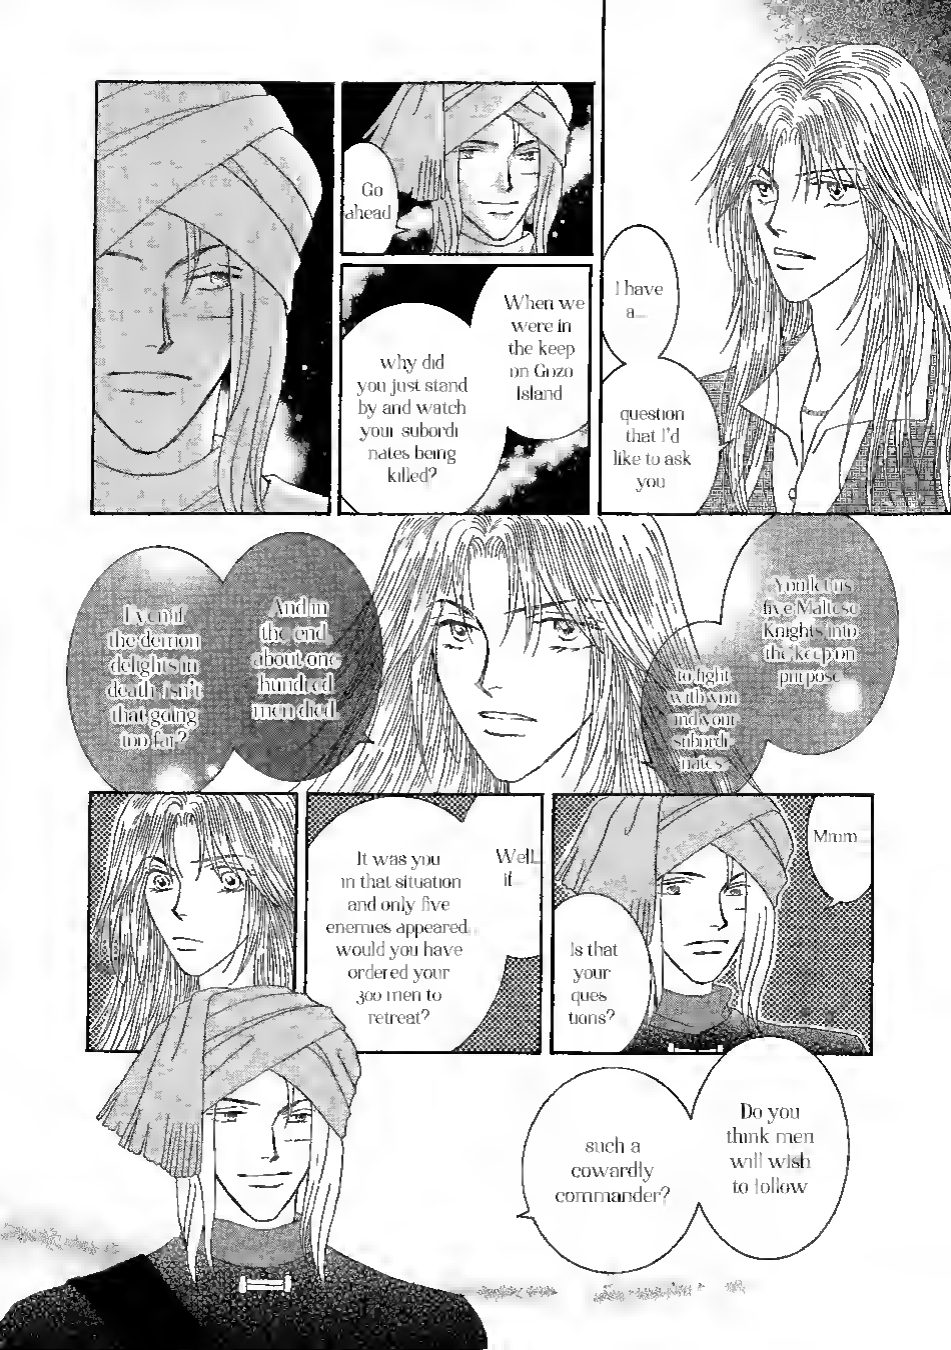
Angel and Demon 9

PIXIX
I'd say this is the first time in a decade that I have encountered something like this!
Captain... we'll capsize!
If we don't take the sails in...
We can't hold on!
Captain!
catch up with the enemy's ship by 9!
If that happens we can't...
No way!
No...
Even if we do catch up, it'll be useless.
If we were to make contact with the enemy ship under such weather conditions,
both ships would collide,
and be smashed into smithereens!
Team Zica Credits: *Pixix* translated. Thank you very much!

We have two severely wounded men with them,
if they were to fall over-board due to the collision, without any doubt,
they will die.
We must not act recklessly
What will we do...
What...
Aciel...
Senior Hercules, Senior Lucas
Captain Juan,
Senior Augustine

That we would catch up to them by 9
sob
sob
We... Promised...
To have run into this sort of wind storm which appears only once every ten years
It's okay,
SPLASH
Our luck...
Is down right awful!
Obviously! It's Zica Team, when the bad luck's on us, it's in your favor!

that will only lead to the death of your subordinates
As a commander, if you are brave but foolhardy—
you better carve this lesson in your heart
Immature Miss Superior Officer.
Logically speaking, I know he's right... But... Has this guy actually experienced it before?
What?
share



I have a...
question that I'd like to ask you
When we were in the keep on Gozo Island
why did you just stand by and watch your subordinates being killed?
Go ahead
You led the five Maltese Knights into the keep on purpose
to fight with your subordinates
And in the end about one hundred men died
If you call the demon delights in death, isn't that going too far?
Mmm...
Is that your questions?
Well, if
It was you in that situation and only five enemies appeared, would you have ordered your 300 men to retreat?
Do you think men will wish to follow
such a cowardly commander?

You, who only led four men to land on our pirate army's island, would naturally be termed as reckless,
But no one would ever blame me, the one who allowed his 300 men to fight against the five enemies
but this world's most important thing
Power
But ultimately, Daud and I managed to capture all of you
It's because of the fact that you are all abnormally strong, that we were dealt such casualties
Of course the dead cannot be brought back to life, but for those who survived, they have kept their pride and dignity. Of course they're thrilled.
What my men need, I will give to them
And it's not gentleness,

What on earth must I do...
In order to save Hercules and the others...
from this man's clutches?
They ran that way!
Quick! Get them!
I am...
the world's strongest.

Team Zica Credits: ***Ren*** helped with the cleaning. Thank you.

It's because our companions were around!
And this
Why was this so?
Big Brother and Aciel, along with the rest of them have absolutely nothing to do with this!
If you dare to lay even one finger on them, I'll curse you!
You hear me?
Hercules!
I'm not afraid of curses, however,
your sentiment is truly touching
Stop the hanging!

Was released and returned alone.
Italian Branch's Kight Cagliari,
Why did Dragut Reis only let one prisoner go...
Furthermore it's me...
it says that the exchange is for Branch Leader Lady Aciel
